## Government to prioritize NYS recruits for security force employment

BY JACKSON MSANZU(NA)

Tourism and Wildlife Cabinet Secretary, Dr. Alfred Mutua has urged the youth to join the National Youth Service (NYS), emphasizing that the government will employ security officers from the department.

Speaking during the flagging off NYS recruitment exercise at Karisa Maitha Ground in Kilifi County, the CS added that the NYS program will ensure the youth are given equal opportunities regardless of their economic background.

"We should keep in mind that out of those who will be successfully recruited into NYS, 95 percent to 98 percent will be given priority during enlisting into the Kenya Defense Forces, Administration Police, Kenya Wildlife Service, Criminal Investigations

Department, among others," Mutua stated.

Mutua's sentiments come on the backdrop of a low turnout of youth in Kilifi County for recruitment into the NYS where he noted that some young people are qualified to join the service but have ignored

the call because of underestimating its significance.

He encouraged the youth to show up for recruitment, stating that NYS would be the springboard for joining the government

## Social welfare programmes now shift stipend disbursement to M-Pesa

The State Department for Social Protection and Senior Citizen Affairs Principal Secretary, Joseph Motari stated that the shift to the MPESA platform is in response to a Presidential directive aimed at enhancing the efficient disbursement of funds to the beneficiaries

BY DOUGLAS NAMUNANE(PCO)  
Beneficiaries under the Inua Jamii programme, as well as the Niche Complimentary Programme, will receive their monthly stipends through MPESA starting this month.  
The State Department for Social Protection and Senior

Citizen Affairs Principal Secretary, Joseph Motari, announced the release of over Sh2 billion for January payments to these two groups.  
Motari stated that the shift to the MPESA platform is in response to a Presidential directive aimed at enhancing the efficient disbursement of funds to the beneficiaries.

This transition to mobile money transfer, Motari noted, aligns with a Presidential directive issued during last year's Jamhuri Day celebrations, during which President William Ruto emphasized that this change would save beneficiaries from the hassle of long distances, costs, and inconveniences

associated with accessing cash.  
"Following a Presidential directive, Inua Jamii beneficiaries will receive their stipends through MPESA. This will start with orphans, vulnerable children, and caregivers of persons with severe disabilities," the PS said.  
Motari urged caregivers

to enroll for MPESA payment by dialing \*222# using their registered service provider phone numbers. He mentioned that a substantial 207,000 beneficiaries have already enrolled for MPESA payment and even received their December 2023 pay-

ment through the platform. "However, we note that there are approximately 100,000 beneficiaries who have not enrolled through \*222#.

These caregivers will be paid through their bank accounts for the last time, and they have only this month to enroll for MPESA payment," said the Principal Secretary.

The Inua Jamii Programme was established to address the needs of vulnerable older persons in a bid to cushion them from poverty, hunger and improve their lives as well.

The Inua Jamii Senior Citizens' Scheme is a tax-financed pension-tested social pension of-

security agencies.

"The youth have not understood this yet, they think NYS is not a noble job but wait and see how the recruitment of our armed forces will evolve.

The majority of those who will join our forces are those who passed through NYS," the CS said.

"So those who have relaxed at home buying time waiting for army or police recruitment, come and join NYS then climb the ladder. If you do not join NYS, forget about joining our forces," he emphasized.

The CS further urged young girls to show up for the recruitment exercise including young mothers, stating that getting pregnant at a young age should not mark the end of a girl's progress towards achieving their goal in their lives.

Dr Mutua assured the public that the exercise will be conducted in a transparent manner while promising to curb cases of favoritism and corrup-

tion in joining the youth service. "In the past, it was alluded that for one to join NYS or KDF, you must know someone within the department. This exercise will not be about connec-

tions, but an individual's own sweat. There will be no pre-selected list that will come from higher offices," he assured.

A total of 25 youth comprising 15 males and 10

females from Kilifi North Sub-County were selected. In contrast, a very low turnout of youth in other sub-counties resulted in low tallying of numbers during the exercise.

### JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY

P.O. BOX 62000-00200, CITY SQUARE, NAIROBI: TEL: (067) 5870001-5, TENDER SECTION TEL No: (067) 5870000. Email: tenders@jkuat.ac.ke, Website: www.jkuat.ac.ke

## TENDER ADVERT NOTICE

Jomo Kenyatta University of Agriculture & Technology intends to lease the two parcels of land measuring approximately 2.013 acres situated at Jipe Close - Lavington Estate, Nairobi City County. The University now invites sealed tenders from eligible candidates to lease the said property. The lease period is for ten (10) years, renewable under a lease agreement.

Interested Bidders are invited to apply for Tender listed below.

S/No.	Tender Reference No.	Description of Tender	Eligibility
1.	REF: JKUAT/70/2023-2024	Lease of property L.R. No. 5/38 & L.R. No. 5/39 JKUAT Westlands Campus	Open to all bidders

A tenderer must tender for the two parcels of land as tabulated above.

Interested tenderers may inspect the said property to be leased during office hours Monday to Friday 9.00 am to 4.00 pm.

Interested and eligible candidates may inspect and obtain Tender Document from the University's Department of Procurement at JKUAT - Main Campus or download documents from our website: [www.jkuat.ac.ke](http://www.jkuat.ac.ke) free of charge from PPIP portal: Public Procurement Information Portal [www.tenders.go.ke](http://www.tenders.go.ke).

The Tenderers should stamp and serialize all pages and **SHOULD NOT** alter the Bid Document.

Sealed Tenders must be accompanied by duly completed forms as specified in the Bid Documents with Original and a copy in the same envelop and addressed to:

Vice Chancellor,  
Jomo Kenyatta University of Agriculture and Technology,  
P.O. Box 62000 - 00200, Nairobi.

and placed in the Tender Box at the Department of Procurement JKUAT Main Campus. The documents should be in plain sealed envelopes indicating the Tender Number, without identifying the sender so as to reach the University not later than **Wednesday 28<sup>th</sup> February, 2024 at 11:30 a.m.** Bids will be opened immediately thereafter at **IPIC Building, JKUAT Main Campus Juja** in the presence of bidders/their representatives who wish to attend.

# President witnesses historic agreement with Japan's Toyota Tsusho Corporation

BY MUNIRA MANDANO (OGS) AND PSC

Kenya and Toyota Tsusho Corporation of Japan have signed a framework agreement for collaboration in vehicle manufacturing and renewable energy development.

The agreement will see Toyota set up a vehicle manufacturing plant in the country. The company has committed an initial investment of Sh800 million in the Kenya Thika Vehicle Manufacturers.

President William Ruto said the move will bolster Kenya's industrial sector, strengthen Kenya-Japan ties, and expand opportunities for Kenyans.

The goal, he said, is to ensure locally manufactured vehicles are affordable and thus discourage the purchase of used cars.

"We must strike a balance between the number of imported and newly manufactured vehicles," he said.

In Tokyo, Japan, President Ruto witnessed the signing of the agreement in the presence of Toyota Tsusho

Cabinet Secretaries, Rebecca Miano for Trade (left), Davis Chirchir (2nd right), Kipchumba Murkomen for Transport (right) and Ichiro Kashitani (2nd left) President and CEO Toyota Tsusho Corporation sign a framework agreement for collaboration in vehicle manufacturing and renewable energy development witnessed by President William Ruto (background 2nd right). PHOTO: PCS.

Corporation of Japan President Ichiro Kashitani.

On renewable energy development, the agreement included Sh15 billion for the Meru Wind Farm Energy, Sh8 billion for Isiolo Solar Energy, and Sh75 billion for the Menengai Geothermal Plant.

It also entails the promo-

tion of electrified vehicles, including hydrogen electric vehicles and hybrid vehicles.

During a press briefing in Nairobi, Isaac Mwaura, Government Spokesperson, said, "These trips the president has been making are extremely important as they attract international

investors who will bring along empowerment opportunities like job creation for our people and improve livelihoods."

"The visit has not only solidified bilateral ties between Kenya and Japan, but it has also concluded very pivotal investment projects leading to a new era of

prosperity for the nation," he continued.

Mwaura further noted that during the visit, the president concluded several pivotal investments worth over Sh45 billion in different projects to be conducted in the country.

"The Sh15 billion Meru Wind Farm Energy project is a step towards environmental sustainability and economic efficiency in the spirit of climate action and green energy," Mwaura said.

He stated that the project will promote and create several jobs and aims at lowering the cost of electricity to benefit millions of Kenyans and encourage investment.

The Sh8 billion Isiolo solar energy project will inject more power into the national grid and is a cornerstone in transforming solar power energy.

"Additionally, making power affordable for customers, the geothermal project is another aspect that has been funded through his Japanese visit," he continued.

"Such investments in the

country are of high significance, especially when considering reduced fiscal space due to debts. By having vehicles manufactured in the country, we will gain markets even from other African countries, which will boost our economy," he said.

"These initiatives in the agricultural sector are aligned with a broader strategy to enhance food security, increase farmer incomes, and position Kenya as a leading agricultural producer in Africa, as outlined in the BETA plan," he said.

"Under Project 72 by 27, we aim to reach a maize production target of 72 million bags by 2027," Mwaura said.

He also mentioned that going forward, the government will be purchasing one million bags of maize at Sh4,000 per bag, as the initiative is designed to provide fair and beneficial compensation to farmers, rewarding hard work and dedication.

"A total of 6,436,078 farmers have been registered in the Kenya Integrated Agriculture Management Information System (KIAMIS) to access subsidized fertilizers through a transparent e-voucher system," he said.

## Call for funding proposals

The Unclaimed Financial Assets Authority (UFAA) is inviting proposals for funding of projects that work with and benefit widows or widow-led households in Kenya through its Wezesha Mjane Corporate Social Responsibility program.

The Wezesha Mjane program is accepting project proposals from Non-Governmental Organizations (NGOs)/ Foundations/ Self-help groups/ Community Based Organizations.

Proposals are to be submitted as per guidelines available at [www.ufaa.go.ke](http://www.ufaa.go.ke) by 10:30am February 23, 2024.

## THE NATIONAL TREASURY & ECONOMIC PLANNING

### VACANCIES

Rural Kenya Financial Inclusion Facility (RK-FINFA) is a six-year development project financed jointly by the International Fund for Agricultural Development (IFAD) and the Government of Kenya (GoK). RK-FINFA supports the transformation of rural and smallholder agriculture sector through private sector-led development by improving the access of the smallholder farmers and rural micro, small and medium enterprises to appropriate financial services. The Objective of the Project is increased rural financial inclusion and green investments by agriculture value chain stakeholders, leading to; equitable employment opportunities, innovative and resilient production systems, and increased incomes for smallholders, poor and marginalized rural households.

Pursuant to this objective, applications are invited for suitably qualified candidates for the following vacant positions:

S/No	Job Ref	Post	No. of Posts
1	Vacancy No: 13/VCFO/2024	Value Chain Finance Officer	1
2	Vacancy No: 14/M&EKMO/2024	Monitoring & Evaluation and Knowledge Management Officer	1

Suitability, terms of reference, application mode and deadline can be accessed through the National Treasury website: <https://www.treasury.go.ke/vacancies/>.

Suitably qualified candidates are advised to apply for the positions through Email: [recruitment.rkfinfa@treasury.go.ke](mailto:recruitment.rkfinfa@treasury.go.ke) and drop their applications at the **National Treasury Building, 3<sup>rd</sup> Floor, Room No. 303** to reach before **27<sup>th</sup> February 2024 at 17:00hours East Africa time.**

# Construction of Sh320m Ginnery in Kwale to revolutionize cotton production, wealth creation at the Coast

BY PENINAH KIHKA (PCO)

The Ministry of Cooperatives and Medium Small and Micro Enterprise Development has set in motion plans to revolutionize cotton production at the Coast through the construction of a Sh320-million cotton ginnery at Kinondo in Msambweni Sub-County, Kwale County.

Speaking during a site visit of the proposed cotton ginnery, the Principal Secretary for the State Department for Co-operatives Mr. Patrick Kilemi (pictured) noted that the Government is committed to putting money in the pockets of the people through value addition of their cash crops.

PS Kilemi noted that the government is focused on bolstering agricultural pro-

duction in the country by enhancing value chains in a bid to increase the capacity of the manufacturing sector from the current 7.8 per cent to 15 per cent by 2027.

This focus, Kilemi added, will in the process create wealth and employment opportunities for the farmers, their children, and other local residents.

The PS added that the Coast Region is poised to play a significant role in the country's economic transformation, especially in the textile and apparel industry and in the development of the blue economy sector.

The PS revealed that the government will actively support cotton farmers in a bid to increase the national annual production from the current 20,000 bales to over 100,000

bales by 2027 which he said will not only reduce the need for cotton imports but will also provide raw materials to local cotton mills.

PS Kilemi added that the Government will invest in cotton production in the country by building the capacity of cotton cooperatives through provision of resources at the farm level including inputs, processing facilities and credit.

"To reduce the cost of production and increase farmer incomes, the Government will establish a modern ginnery at

PAVI Farmers' Cooperative Society Ltd with ginning capacity of 20,000 bales per year at a cost of Sh320 million," the PS said.

Kilemi revealed that the government has allocated Sh100 Million for the construction of Phase One of PAVI Farmers' Cooperative Society Ginnery at Kinondo, Msambweni Sub-County in Kwale County in the 2023/24 Financial Year and plans are at an advanced stage to start the construction.

He added that the proposed factory will serve Taita Taveta, Kwale and Kilifi Counties, which are currently producing 5000 bales of cotton per year and which has been projected to increase to 16,000 bales by 2027, saying this will go a long way to meet the national target of 100,000 bales by 2027.

The PS noted that the gin-

ery will also produce animal feeds, edible oils and other cotton by-products further boosting the cotton industry in the region and in the process create wealth and employment for over 100,000 households.

The PS also noted that the ginnery when operationalized will save the country the much-needed foreign exchange that is spent on the importation of edible oils and at the same time enhance farmers' earnings from their produce, thereby lowering the poverty index of the coastal region.

"As a nation, we import edible oils worth over Sh150 billion annually. This import bill can be greatly reduced if we increase our local production," the PS observed and added, "it is important for the people of Kwale to know that operation-

alization of this ginnery is a big opportunity for them and that it will put money in their pockets."

He urged Kwale residents to take advantage of their vast and fertile lands to grow cotton commercially adding that according to the Agriculture and Food Authority (AFA) the County's potential in cotton production is enormous.

He added that with the construction of the cotton ginnery at Kinondo, the farmers will be able to diversify their incomes from the by-products of cotton ginning.

According to the Business Re-Engineering Advisor, Eliud Korir, the 6,000 strong PAVI Farmers' Cooperative Society has been transporting its cotton to Makueni for ginning, which is expensive and time consuming.

## STATE DEPARTMENT FOR INDUSTRY

### TENDER NOTICE

#### TENDER NOTICE FOR PROVISION OF SECURITY & GUARD SERVICES AND PROFESSIONAL CLEANING SERVICES FOR THE STATE DEPARTMENT FOR INDUSTRY FOR THE FINANCIAL YEAR 2023-2024

The Government of Kenya through the State Department for Industry invites eligible candidates to tender for Provision of Security & Guard Services and Professional Cleaning Services as indicated below:

S/No.	Tender No.	TENDER DESCRIPTION	BID SECURITY	CLOSING DATE
1.	TENDER NO. MITI/SDI/7/2023-2024/2025	PROVISION OF SECURITY AND GUARD SERVICES	KSHS. 100,000	28 <sup>th</sup> FEBRUARY, 2024
2.	TENDER NO. MITI/SDI/8/2023-2024/2025	PROFESSIONAL CLEANING SERVICES	KSHS. 100,000	28 <sup>th</sup> FEBRUARY, 2024

Interested candidates may obtain a complete set of tender documents and detailed specifications from the ministry's website [www.industrialization.go.ke](http://www.industrialization.go.ke) free of any charges or from the **Supply Chain Management Office, State Department for Industry at NSSF Building Block A, Eastern Wing, 16<sup>th</sup> floor**, during normal working hours upon payment of a non-refundable fee of **Kshs. 1,000** per set of tender document in cash or bankers cheque payable to the Principal Secretary, **State Department for Industry**. Tenderers who down load Tender document are advised to register with the office of the Head of Supply Chain Management before the closing date

Completed tender documents in plain sealed envelopes and clearly marked with the name of the tender and tender number must be addressed to;

**The Principal Secretary,  
State Department for Industry,  
P.O. Box 30547-00100,  
NAIROBI.**

and deposited into the tender box at the 16<sup>th</sup> Floor, NSSF Building, Block A, Eastern Wing so as to reach on or before **Wednesday, 28<sup>th</sup> February 2024, 10.00 a.m.**

Prices quoted must be inclusive of VAT and all Government taxes and must remain valid for a minimum period of One Hundred and Nineteen (119) days from the closing date.

Tenderers must submit a Bid Bond in the amount as indicated above in the form of a bank guarantee from a reputable bank or PPRA approved Insurance Company, valid for a minimum period of One Hundred and Fifty (150) days from the date of tender opening.

Tender opening will take place at the conference Room situated at the 23<sup>rd</sup> Floor, NSSF Building immediately after the above stated date and time in the presence of tenderers or representatives who choose to attend.

**Principal Secretary  
State Department for Industry**

### REQUEST FOR BIDS

- The Government of Kenya has received financing from the World Bank toward the cost of the Horn of Africa Ground Water for Resilience Project (HoAGW4RP), and intends to apply part of the proceeds toward payments under the contract indicated below:

S/No	Tender Reference Number	Tender Description/Name
1.	KE-WSTF-332748-GO-RFB	Supply and Delivery of Motor Vehicles

- The Water Sector Trust Fund now invites sealed Bids from eligible Bidders for Supply and Delivery of Motor Vehicles. **More details on the required specifications are contained in the bidding document.**
- Bidding will be conducted through National competitive procurement using a Request for Bids (RFB) as specified in the World Bank's "Procurement Regulations for IPF Borrowers" dated July 2016, revised 5<sup>th</sup> edition of September 2023 ("Procurement Regulations"), which can be found in the following website: [www.worldbank.org/procurement](http://www.worldbank.org/procurement) and is open to all eligible Bidders as defined in the Procurement Regulations.
- Interested eligible Bidders may obtain further information from The WaterFund offices, CIC Plaza, Mara Road 1<sup>st</sup> Floor and inspect the bidding document during office hours 0900 to 1700 hours excluding weekends and public holidays at the address given below.
- The bidding document in English may be downloaded free from the WaterFund's website <https://waterfund.go.ke/downloads/tenders> by interested Bidders upon the submission of a written application to the address below.
- Bids must be delivered to the address below on or before **15<sup>th</sup> March, 2024 at 1000 Hrs.** The packages should be clearly marked "Supply and Delivery of Motor Vehicles - Tender No: KE-WSTF-332744-GO-RFB, and placed in the Tender Box located at 1<sup>st</sup> Floor, CIC Plaza, Mara Road, Nairobi, Kenya.
- All Bids must be accompanied by a Bid Security in form of an unconditional Bank Guarantee, of Kenya Shillings Two Million (Kshs. 2,000,000/=) only valid for twenty eight days beyond the bid validity period.
- Attention is drawn to the Procurement Regulations requiring the Borrower to disclose information on the successful bidder's beneficial ownership, as part of the Contract Award Notice, using the Beneficial Ownership Disclosure Form as included in the bidding document.
- The address referred to above is:

**The Chief Executive Officer,  
Water Sector Trust Fund,  
1<sup>st</sup> Floor, CIC Plaza 1, Mara Road,

4.	Ref:25/24	Office Administrator	6	3
5.	Ref:26/24	Legal Officer – Board Secretariat	6	1
6.	Ref:27/24	Driver	9	5
7.	Ref:28/24	Office Assistant	10	3

Successful candidates will be required to submit valid compliance certificates from Kenya Revenue Authority, a registered Credit Reference Bureau, Higher Education Loans Board and a certificate of good conduct from the Directorate of Criminal Investigations.

Successful candidates must adhere to the provisions on Leadership and Integrity as enshrined in Chapter VI of the Constitution of Kenya 2010.

Kenya Maritime Authority is an equal opportunity employer and any qualified Kenyans including persons with disabilities and women are encouraged to apply.

Only shortlisted candidates will be contacted.

**How to apply**

- Each application should be accompanied with a detailed curriculum vitae, copies of relevant academic and professional certificates and transcripts, National Identity Card or Passport, testimonials and other relevant supporting documents. Scanned copies (in pdf format) of these documents must accompany any online application.
- An applicant must clearly indicate the reference number for the position applied for on the envelope (hardcopy applications) or on the subject line (for online application) and submitted in any one of the following ways:
  - Hard copy applications should be delivered to the office of the Director General, Kenya Maritime Authority, Sixth (6<sup>th</sup>) Floor, located at KMA Towers along Mbaraki Road (next to the Little Theatre) , Mombasa between **0745hrs and 1700hrs**;
  - Online applications should be emailed in pdf format to: [jobskma2024@kma.go.ke](mailto:jobskma2024@kma.go.ke)
  - Posted applications should be addressed to:  
The Director General

**Kenya Maritime Authority  
P.O. Box 95076 – 80104  
MOMBASA**

**Canvassing in any form or failure to attach any of the stipulated documents will lead to automatic disqualification.**

More details on Kenya Maritime Authority and the advertisement can be accessed from the website: [www.kma.go.ke](http://www.kma.go.ke).

**NB:** The applications should reach the Authority on or before **1700hrs 4<sup>th</sup> March, 2024.**

# KenGen lab to offer calibration testing services to industries, steps up hydro-generation to stabilize electricity costs

BY MUTISO MBITHI AND  
MATHEW CHEPKEWEL

The Kenya Electricity Generating Company (KenGen) will offer testing services to the public and industries after receiving accreditation of its Calibration Centre laboratory by the Kenya Accreditation Service (KENAS).

KenGen management says the accreditation of the calibration centre will not only contribute to its financial sustainability, it will also position the company as a leader in calibration services regionally and globally.

KenGen CEO Eng. Peter Njenga (pictured) said this is part of the company's business diversification strategy towards boosting its revenues by leveraging its expertise and experience.

Eng. Njenga noted that the calibration centre is based

at KenGen's Upper Tana Power Station consisting of three laboratories that offer calibration services for electrical, pressure and temperature to KenGen and the public.

"This marks a significant milestone in the history of our esteemed company by getting ISO 17025 accreditation status which demonstrates our commitment to excellence and quality standards.

"Capitalizing on our ISO 17025 accreditation, we will expand our calibration services beyond our internal needs and have the capability to serve external clients, businesses, and industries that require precise and accredited calibration services," said KenGen MD and CEO.

"The accreditation will increase customer confidence

in KenGen Calibration Centre and mark the beginning of the commercialization of our calibration services. This is because the calibration center has not only met but surpassed all prerequisites, securing accreditation and earning its rightful listing on the KENAS website," reiterated Eng. Njenga.

Speaking during the event

KENAS Chief Executive Officer Martin Chesire, "When you see ISO 17025 accreditation, you can trust that the laboratory's results are accurate, reliable, and traceable to international measurement standards. It is a symbol of dedication to delivering the highest quality testing and calibration services."

Chesire said the attainment of ISO 17025 accreditation is

not the end but a new beginning for KenGen because it is an opportunity for growth, innovation, and excellence.

"This Accreditation is third party attestation that the laboratory conforms to all requirements of the standard. It provides a framework for the calibration centre to improve its processes and outcomes, which stimulates continuous quality improvement in service delivery for every customer," said Chesire.

The calibration centre was officially commissioned on 22nd November 2019 to offer calibration services to KenGen but, in line with the company's diversification strategy the services have been opened to the public at a fee.

Speaking during another function, Eng Njenga announced that the Kenya Electricity Generating Company PLC (KenGen) has increased

hydropower generation after the country's main dams in the Seven Forks Cascade hit one of the highest water levels in the recent past.

The impressive performance on the hydropower side of the business has largely been driven by Masinga Dam, which is Kenya's largest, maintaining near maximum water levels of 1,056 meters above sea level (MASL) over the last three days.

"We are happy to report that we are receiving very good inflows from the Mount Kenya and Aberdares catchment areas which has led to high water levels at our dams," said Eng. Peter Njenga.

Amid the rising water levels, KenGen moved to reassure Kenyans especially those living downstream of the five dams saying they do not expect to have water spilling downriver any time soon.

## VACANCY ANNOUNCEMENT

Nairobi Centre for International Arbitration (NCIA) was established in 2013 by an Act of Parliament the NCIA Act No. 26 of 2013 as a Centre for promotion of international commercial arbitration and other alternative forms of dispute resolution.

## MINISTRY OF ENERGY AND PETROLEUM

## CALL FOR PROPOSALS FOR KOSAP SOLAR AND CLEAN COOKING SERVICE PROVIDERS RESULTS-BASED FINANCING (RBF) FACILITIES

Driven by the imperative to provide equal opportunities across the entire Kenyan territory as key to achieving Kenya's Vision 2030, and the national target of achieving universal access to electricity by 2026 and universal access to clean cooking solutions by 2028, the Government of Kenya (GoK) seeks to close the energy access gap by providing electricity and clean cooking services to remote, low density, and traditionally underserved areas of the country. The GoK is currently implementing the Kenya Off-Grid Solar Access Project (KOSAP) with financing from the World Bank. The project covers 14 counties of Kenya: West Pokot, Turkana, Marsabit, Samburu, Isiolo, Mandera, Wajir, Garissa, Tana River, Lamu, Kilifi, Kwale, Taita Taveta and Narok. The project started in November 2018 and ends in May 2025.

SNV [www.snv.org](http://www.snv.org) is the Facilities Manager for Component 2 of KOSAP which consists of two sub-components: (i) sub-component 2A which is a Solar Service Providers Results-Based Financing (SSP RBF) Facility; and (ii) sub-component 2B which is a Clean Cooking Solution Service Providers Results-Based Financing (CCS RBF) Facility.

The US\$12 million Solar Service Providers RBF Facility and the US\$3.2 million Clean Cooking Solution Service Providers RBF Facility are designed to compensate off-grid solar companies and clean cooking solutions providers, respectively, through Result-Based Financing (RBF) for initial, ongoing incremental, and opportunity costs associated with expansion of operations in the 14 KOSAP Counties.

The KOSAP Facilities Manager hereby invites interested and eligible companies or consortiums to APPLY for the KOSAP SSP RBF Facility and the CCS RBF Facility. The application templates, eligibility requirements and application submission instructions can be accessed online using this link <https://www.kosap-fm.or.ke/call-for-proposals-rbf-facilities/>

Applications will be accepted and evaluated on an ongoing basis with effect from the date of this advertisement. In case of any queries, please contact the KOSAP Facilities Manager via [enquiries@kosap-fm.org](mailto:enquiries@kosap-fm.org)

## TENDER ADVERTISEMENT NOTICE

Bidders are advised to note that bidding process for the tenders is through our online tender portal at <https://suppliers.kaa.go.ke/irj/portal>. For any information or clarifications, please contact us through our email, [tenders@kaa.go.ke](mailto:tenders@kaa.go.ke)

Canvassing for the tender by the tenderer or by proxy shall lead to automatic disqualification of their tender.

MANAGING DIRECTOR/CEO

# Kilifi County government invests Sh140 million in road infrastructure

BY EMMANUEL MASHA AND WINNIE OTIENO (KNA)

Residents of Ganda, Kakuyuni, and Marafa Wards in Kilifi County are happy following the commencement of the construction of key roads aimed at spurring development in the areas.

The County Government of Kilifi will spend about Sh140 million to construct Phase One of the Kijiwetanga-Jakaranda Road in Ganda Ward (Sh40 million), Phase Two of the Goshi-Madunguni in Kakuyuni Ward (Sh50 million), and construct cabro roads at the Marafa trading center in Marafa Ward at the cost of Sh50 million.

The County Chief Officer for Roads, Mr. Philip Charo, handed over the sites for the Goshi-Madunguni and Kijiwetanga-Jacaranda Roads to the contractor-M/S S. S Mehta and Sons Construction Company, while the Marafa cabro road project commenced last month.

Mr. Charo said the projects are being implemented in phases due to inadequate

**A grader commences construction works on phase two of the Goshi-Madunguni road in Kakuyuni Ward of Malindi Sub County, Kilifi County.**

financial resources but expressed optimism that they would be completed before the next General Elections in 2027.

The Chief Officer said this in Goshi and Kijiwetanga areas of Malindi Constituency where he handed over the road construction sites to the contractor, M/S S. S Mehta, and Sons Construction Company.

In Goshi, Mr. Charo said

the Goshi-Madunguni Road will enable farmers in the agriculturally rich Madunguni area to transport their produce to markets with ease as well as make it easier for residents to access important amenities in urban centers.

He said the cabro roads at the Marafa Trading Centre would improve businesses as well as make it easy for tourists to access Hell's

Kitchen, a tourist attraction centre in Marafa Ward.

At Kijiwetanga, Mr. Charo said the Kijiwetanga-Jacaranda Road will make it easier for tourists to access beach hotels in the Jacaranda area from the Malindi International Airport.

Kakuyuni Member of County Assembly Morris Dadu Hinzano thanked Governor Gideon Mung'aro for the road project in his ward and pledged to work with him despite having been elected on different political parties.

Ganda Ward MCA Oscar Wanje thanked the county government for the Kijiwetanga-Jacaranda Road, which he noted will be an important shortcut for tourists travelling from the Malindi International Airport to hotels in Jacaranda area near Watamu.

Residents of both wards who spoke to journalists expressed their joy and thanked their leaders for working as a team despite their political differences to ensure development reaches all corners of Kilifi.

# CEMASTEAMentorship initiative targets STEM uptake for JSS learners

BY WANGARI MWANGI AND WANJIRU NDERITU (KNA)

The Centre for Mathematics, Science, and Technology Education in Africa (CEMASTEAM) has launched its second round of outreach and mentorship programs aimed at scaling up the uptake of Science, Technology, Engineering, and Mathematics (STEM) related subjects by Junior Secondary School (JSS) learners.

According to Mrs. Beatrice Macharia, the Special Programmes and Student Learning focuses on making the learning of STEM subjects more student-centered, aiming to address some of the stereotypes associated with mathematics and science subjects among learners in the early stages of their academic life.

"The role of CEMASTEAM is to collaborate with teachers to develop innovative teaching and learning activities that promote STEM education. Simultaneously, CEMASTEAM engages with students through the

STEM outreach program to showcase activities that enhance learners' creativity and innovation in science," said Mrs. Macharia.

The Special Programmes and Student Learning coordinator emphasized that the program will facilitate the effective implementation of the Competence Based Curriculum (CBC).

Mrs. Macharia noted that while the country is preparing for the fourth industrial revolution, which will heavily rely on science and technology, the percentage of students pursuing STEM-related careers remains very low. To address the shortage, the coordinator says, the mentorship will inspire the current crop of JSS learners to take up the STEM pathway once they transition to Senior Secondary School in 2026.

"Our focus this year is JSS because of the transition to the STEM pathway where we expect 60 per cent of the learners to take up the STEM pathway at the Senior Secondary Schools," she said.

## MINISTRY OF MINING, BLUE ECONOMY AND MARITIME AFFAIRS

### STATE DEPARTMENT FOR SHIPPING AND MARITIME AFFAIRS

# Kiambu County secures funding to develop ultra-modern market in Thika

BY MUOKI CHARLES(KNA)

Plans for the construction of a Sh550m ultra-modern market in Makadara, Thika town are in top gear, with architectural designs almost complete. Kiambu County Governor, Kimani Wamatangi, revealed that the national government has already contributed Sh400 million, while the county government has availed Sh150

million, adding that the construction works will commence soon and will take 13 months to be completed.

Speaking during a tour of the area, where traders sell their wares in the open air, having to contend with the scorching sun and at times heavy rains, Wamatangi said once complete, the new market will benefit 10,000 traders and provide

them with a good working environment.

The new market will also be connected to Wi-Fi, have baby crèches for feeding mothers, ample parking spaces, proper lighting, and an installation of cooling and packaging facilities for fresh agricultural produce, among other amenities.

The construction of the new market comes at a time when plans to elevate Thika

Kiambu County Governor, Kimani Wamatangi, interacts with a trader at Thika's Makadara market.

into a city status are in top gear. The Governor said the upcoming market is set to accommodate the increas-

ing number of traders, some of whom have been selling their wares by the roadside, adding that it will also cre-

ate employment for many youths.

"We are now moving in the right direction as by next year, the new market will be in place. We urge our traders to be a bit patient and once that time comes, we shall not allow people to trade outside by the roadside," Wamatangi said.

Wamatangi was accompanied by Kamenu Ward Member of the County Assembly (MCA), Peter Mburu, who called on the residents to support programmes and projects meant to uplift their lives.

## MINISTRY OF MINING, BLUE ECONOMY AND MARITIME AFFAIRS

### STATE DEPARTMENT FOR BLUE ECONOMY AND FISHERIES

#### INVITATION TO APPLY FOR PRE-QUALIFICATION

<b>Name of Contract:</b>	Pre-Qualification of Firms for Leasing, Operationalization, Commercialization and Management of Liwatoni Fisheries Complex
<b>Contract No:</b>	MMBE&MA/SDBE&F/13/2023-2024
<b>Pre-Qualification Reference No:</b>	MMBE&MA/SDBE&F/PREQ/13/2023-2024

The Government of Kenya through the State Department for Blue Economy and Fisheries has developed Liwatoni Fisheries Complex and intends to lease the complex to potential firms to operationalize, commercialize and manage the complex.

The Liwatoni Fisheries Complex is of its own kind in the East Coast of Africa. The complex has potential to provide fish storage and processing services and tap into the increasing local and global market for fish and fish products.

The facility will boost cold storage and processing capacity for large volumes of fish from industrial fishing vessels in addition to supplies of fish from other fishing ports. It will attract industrial fishing vessels within the region.

The State Department for Blue Economy and Fisheries now invites eligible Applicants/Firms to indicate their interest in leasing and running the complex. The State Department shall identify, select and engage suitably qualified and experienced firms to participate in the tendering for Leasing, Operationalization, Commercialization and Management of Liwatoni Fisheries Complex under long term lease.

Suitably qualified foreign and/or local firms either individually or in joint venture are expected to provide information demonstrating that they meet the criteria in the pre-qualification document.

It is expected that the Invitation to Tender will be made by 3<sup>rd</sup> June, 2024. Tendering will be conducted through International Competitive Tendering procedures using a standardized tender document and will be open to all applicants who prequalify.

Qualified and interested applicants may obtain further information and inspect the Pre-qualification Document during office hours 0800 hours to 1700 hours EAT.

A complete set of Pre-qualification Document in English may be purchased or obtained by interested applicants upon payment of a non-refundable fees of Kenya Shillings One Thousand (Kshs.1,000) in cash or Banker's Cheque and payable to the address given below. Pre-qualification documents obtained electronically will be free of charge.

Pre-qualification Document may be viewed and downloaded for free from the websites; [www.tenders.go.ke](http://www.tenders.go.ke), [www.mibema.go.ke](http://www.mibema.go.ke) Applicants who download the Pre-qualification Document must forward their particulars immediately to [ps@blueeconomy.go.ke](mailto:ps@blueeconomy.go.ke); [procurementfisheries@gmail.com](mailto:procurementfisheries@gmail.com) to facilitate any further clarification or addendum.

Applications for pre-qualification should be submitted by postal service, or hand/courier delivery, clearly marked envelopes and delivered to the address given below by **13<sup>th</sup> March, 2024 at 1000 hours EAT** Alternatively, documents may be sent electronically to the Email Address; [ps@blueeconomy.go.ke](mailto:ps@blueeconomy.go.ke); [procurementfisheries@gmail.com](mailto:procurementfisheries@gmail.com)

Late applications will be rejected.

# Correctional Services Department partners with Makueni County for agricultural growth

BY MARTHA MUNYAMBU (PCO)

The State Department for Correctional Services has pledged to collaborate with the County Government of Makueni to increase food production and revenue in the area by maximizing the knowledge of inmates held in penal institutions.

Speaking during an official visit to Makueni County Correctional facilities, the

Principal Secretary for Correctional Services, Dr. Salome Muhia Beacco, noted that the State Department is committed to increasing orchard acreage to enable the area to continue producing more fruits, which do well in the area, thus increasing the revenue of correctional services. Ms. Beacco also pointed out that the State Department intends to increase food production in all

prison farms to sustain the penal facilities as well as the county government.

"We want to see how to collaborate with the Makueni county government in areas of water management to increase water production to continually produce more food not only for the inmates but also for the county government," said Ms. Beacco.

The PS further said that

the State Department has also agreed to collaborate with the Makueni county government to contract the department in various areas to do some of the county's work since the department has well-trained inmates in different areas like carpentry, construction, and cabro-making.

The Principal Secretary revealed that the county government has agreed to

give the State Department a cabro-making machine to start making cabros for sale besides also contracting the department to install the same for the county government. Ms. Beacco further said that the county government has agreed to contract the department in other various works like making county assembly chairs and construction works.

"We have agreed with the County Government to give us a cabro making machine, to make our own cabros and sell them to them and install them in areas of their inter-

est and contract us in various works to do their work," noted the PS.

Another area of collaboration with the County Government, the PS said is to give offenders serving under the Community Service Orders an opportunity to work in the county government.

"As we continue to enhance government-to-government partnership, I have requested the Makueni Governor to allow our non-custodial offenders serving under community service orders to work in the county government," stated the PS.

## INVITATION TO TENDER

Kenya Power invites tenders from interested bidders for provision of the following:-

# Water CS assures farmers of completion of Lower Nzoia irrigation project

**Water, Sanitation and Irrigation, Zachariah Njeru, tries a feel on a combine harvester at the Bunyala Irrigation Scheme. He urged farmers to embrace mechanization and modern farming technology.**

BY SALOME ALWANDA(KNA)

**W**ater, Sanitation, and Irrigation Minister Zachariah Njeru has assured rice farmers in Bunyala that the Lower Nzoia Irrigation Project will be completed by the end of this month.

Speaking to farmers at the Bunyala Irrigation Scheme, Njeru said the project has been delayed because of compensation challenges.

"You have been patient for

a long time since the inception of this project, but we have agreed as a Ministry to complete the resettlement Action Plan before moving to the next phase," he said, assuring the farmers that the long-awaited water for irrigation will flow into their farms by the end of the month. The CS hailed the farmers for embracing technology and using fertilizer to improve their yields through the guidance of Ag-

ricultural Extension officers.

"As a government, we will continue to support you so that the problem of food security is addressed," he said, adding that it is shameful for the country to continue importing food when the area has great potential for production with hardworking farmers. Njeru urged the farmers to utilize irrigation water provided to them in Phase One to increase their yields so that they can at-

tract government support for Phase Two of the Lower Nzoia Irrigation Project.

He also advised farmers to engage in value addition instead of selling the raw produce to attract more profit.

Busia Governor, Dr. Paul Otuoma expressed confidence that completion of the Lower Nzoia Irrigation Project will enable Bunyala Irrigation Scheme to step up production and contribute to food security.

# Demo day highlights Kenyan students' creative solutions to social challenges

Sahara Group Foundation Director Ms. Ejiro Gray.

BY JOSEPH NG'ANG'A (KNA)

Two secondary schools in Kenya will benefit from a programme targeting secondary school scholars in Africa to support them in achieving high levels of creativity, innovativeness, and proficiency in modern technology avenues.

These two schools are among several other institutions in Africa to benefit from a programme initiated by an international energy infrastructure multinational, aimed at promoting innovation, creativity, and excellence in Science, Technology, Engineering, Arts, and Mathematics (STEAM).

The STEAM programme is designed by Sahara Group (SG) and is being implemented through its two subsidiaries, Asharami Synergy Kenya, and Sahara Group Foundation.

The two subsidiaries hosted a Kenyan Demo Day Event featuring students from St. George's Secondary School and Olympic High School from Nairobi County.

Ms. Ejiro Gray, Director of Sahara Group Foundation, stated that the Demo Day showcased a diverse group of young Kenyan problem solvers with brilliant prototype designs aimed at addressing prevalent social issues in their communities.

"The programme is focused on equipping students with the knowledge and skills required to create innovative solutions, addressing real-world problems across various sectors such as energy, agriculture, security, healthcare and transportation," Ms. Gray said.

She added, "The programme is instrumental in creating a pipeline of Africa's next generation leaders and social innovators."

Sahara Group is a leading

international energy and infrastructure conglomerate with operations in over 42 countries across Africa, Asia, Europe, and the Middle East.

The Sahara STEAMers programme, an afterschool initiative, in partnership with STEM Cafe, was established in 2022 with the primary aim of fostering innovation, creativity and excellence in STEAM education in secondary school students in Africa.

Collaborating in teams, these students passionately present their innovative solutions to a panel of judges.

Ms. Gray commended the students' intelligence, creativity, and passion, especially for those who encountered their first exposure to technology and its practical applications in addressing real-world challenges.

The company has operations in 38 countries across Africa, Middle East, Europe, and Asia continents.

Ms. Gray affirmed that the inspiring display witnessed at the event was not just a moment, but a clear demonstration of the unwavering commitment of both Sahara Group Foundation and Asharami Synergy Kenya to empower young minds across Africa.

Adebola Adesanya, Country Manager of Asharami Synergy Kenya, emphasized the program's vital role in nurturing young talents and building their innovative skills.

The programme is instrumental in creating a pipeline of Africa's next generation leaders

## JARAMOGI OGINGA ODINGA UNIVERSITY OF SCIENCE AND TECHNOLOGY

### VACANCY

Jaramogi Oginga Odinga University of Science and Technology (JOUST) wishes to recruit qualified and dedicated persons for the following vacant position: -

#### Administrative Position - Re-Advertisement

1. Registrar (Planning and Administration) - Grade 15 - JOUST/RPA/DVCPAF/2024

#### Terms and Conditions of Service:

The successful candidate will be offered a competitive remuneration package in accordance with the existing Terms and conditions of Service of Jaramogi Oginga Odinga University of Science and Technology.

#### How to apply:

Candidates are advised to visit Jaramogi Oginga Odinga University of Science and Technology website [www.jooust.ac.ke](http://www.jooust.ac.ke) for the position advertised.

The application should be addressed to Deputy Vice Chancellor (Planning, Administration and Finance) by post or hand delivery to the following address:

**The Deputy Vice Chancellor (Planning, Administration and Finance)**  
Jaramogi Oginga Odinga University of Science and Technology  
P.O Box 210 – 40601

**Bondo**  
Email: [recruitment@jooust.ac.ke](mailto:recruitment@jooust.ac.ke)

The deadline for application is Tuesday 27<sup>th</sup> February 2024.

Please note that those who had applied earlier need not to reapply.

*Jaramogi Oginga Odinga University of Science and Technology is an equal opportunity employer  
Women and Persons with Disabilities are encouraged to apply*

JOUST is ISO 9001:2015 Certified

**Kenya National  
Highways Authority**  
Quality Highways, Better Connections

## EXTERNAL ADVERTISEMENT

P.O. Box 49712 - 00100 Nairobi.**

Applications without the relevant qualifications, copies of documentation /details will not be considered. Any form of canvassing shall lead to automatic disqualification.

**Only shortlisted candidates will be contacted.**

## MINISTRY OF AGRICULTURE AND LIVESTOCK DEVELOPMENT STATE DEPARTMENT FOR AGRICULTURE

### INTERNATIONAL TENDER NOTICE

#### REQUEST FOR EXPRESSION OF INTEREST (EOI)

#### LAND COMMERCIALIZATION INITIATIVE (LCI)

#### TENDER NO. MOALD/SDA/LCI/IT/01/2023/2024

#### 1. BACKGROUND

The Government of Kenya through the Agricultural Sector Transformation and Growth Strategy (ASTGS 2019 – 2029) seeks to transform underutilized land into productive commercial agricultural land. The objective is to have underutilized public land leased and operated by the private sector for commercial agriculture projects through the LCI. The initiative is designed to address food insecurity by implementing interventions which enhance food production, increase farmers' incomes, create jobs, and promote value addition along key value chains.

#### 2. OBJECTIVES OF THE LCI

- To make available underutilized public agricultural land for leasing to commercial agribusinesses
- To attract private investment, both local and foreign, to support commercial agribusiness on the available land.
- To contribute to national food production and reduce food deficits through increased agricultural production.
- To facilitate growth in national employment opportunities through new investor attraction and expansion of agricultural value chains

#### 3. TERMS OF REFERENCE FOR INVESTORS UNDER THE LCI

The Government of Kenya seeks interested and qualified commercial agribusinesses and investors with demonstrated technical and financial capacity to undertake farming, (agri-)forestry and other agriculture-related activities on land sites identified under the LCI. Key enterprises, value chains and agricultural commodities targeted are food crops, industrial crops, fruits, livestock, fisheries, and (agro-)forestry.

To qualify, agribusinesses and investors must demonstrate experience with implementing and operating large commercial agricultural and/or related projects and operations in other developing economies both within and without. These projects and operations should contribute to food security and local income opportunities including through participation of and employment opportunities for local communities. They should demonstrate experience with sustainable green technologies and efficient use of power and water.

#### 4. SITE DESCRIPTION:

This EOI is specifically for two parcels as indicated below and more information on the same can be found on <https://landportal.nikodigital.co.ke/>

- Samburu Kirimun Field Unit – 20,000 acres**  
The Kirimum Field Unit, held by the National Youth Services (NYS) since 1981, is a vast area dedicated to livestock production, tree plantation projects, and wildlife conservancy, located 225 km north of Nairobi. The Government of Kenya aims to select one or multiple private operators who can start agricultural production and/or forestry activities.
- Kiambere – 1000 acres with potential for more**  
The TARDA-owned site near the Kiambere Dam, part of the "7 forks" dam complex on the Tana River in Kenya, has been under ownership since the dam's construction began in 1984. From 1996 to 2005, a 350-acre irrigated farming project took place, including mangoes, bananas, citrus, tomatoes, onions, and various other crops. The Government of Kenya aims to select a private operator who can restart agricultural production and/or forestry activities.

#### 5. QUALIFICATION AND EVALUATION CRITERIA

Interested commercial agribusinesses and investors, alone or in consortiums, should express their interest by providing information/documents in support of their competence, ability and suitability as follows:

- Valid Tax compliance certificate from the Kenya Revenue Authority (KRA) or the tax authorities of their tax jurisdiction.
- Copy of Business Registration/Certificate of incorporation
- Valid trading license/Business permit
- Provide evidence of experience in conducting relevant agricultural projects and operations of large scale and nature as envisaged by the LCI (a minimum of two implemented and operating during the last five years).
- Demonstrate financial and organizational strength by attaching audited accounts for the last two (2) years.
- Provide list and qualifications of at least five (5) personnel with capacity to undertake the assignment.
- Indicate in which parcel the bidder is interested and describe the potential use of the parcel (in half a page).

Interested bidders should submit their response in one original and copy. This Request for EOI is also available in the Government of Kenya Tender Portal [www.tenders.go.ke](http://www.tenders.go.ke) and in the Ministry's website [www.kilimo.go.ke](http://www.kilimo.go.ke)

- Firms that wish to participate in the EOI should forward their particulars/contacts to the Head of Supply Chain Management Services, State Department for Agriculture, through email address: [tenders@kilimo.go.ke](mailto:tenders@kilimo.go.ke) to receive further clarifications or addendum where necessary.

#### 7. EOI SUBMISSION

Expressions of Interest (EOIs) MUST be submitted both physically and via email.

#### For physical submission of EOIs:

Completed Expression of Interest (EOI) documents are to be enclosed in plain sealed envelopes clearly marked "EOI FOR LAND COMMERCIALIZATION INITIATIVE (LCI)". The completed tender documents should be posted to reach the address shown below on or before **15<sup>th</sup> March, 2024 at 11:00 am** or placed in the Tender Box situated at the Main Reception, Kilimo House, Cathedral Road on or before the said date and time. Expressions of Interest can be submitted to:

**Principal Secretary  
State Department for Agriculture,  
Ministry of Agriculture and Livestock Development  
P. O. Box 30028 - 00100 NAIROBI, KENYA  
Email: [tenders@kilimo.go.ke](mailto:tenders@kilimo.go.ke) , Website: <https://kilimo.go.ke/>**

The tenders will be opened immediately thereafter, in the presence of the candidates or their designated representatives who choose to attend at Kilimo House, Cathedral Road, ASCU Boardroom Upper Floor.

#### For email submission of EOIs:

Expressions of Interest can be submitted to [tenders@kilimo.go.ke](mailto:tenders@kilimo.go.ke) cc [lci.procurement@kilimo.go.ke](mailto:lci.procurement@kilimo.go.ke)

All e-mail submissions must be titled as "EOI FOR [Insert preferred site for leasing-LAND COMMERCIALIZATION INITIATIVE]."

#### More Information

Visit: <https://www.invest.go.ke/> for more information on the Land Commercialization Initiative and sites on offer.

For inquiries, please contact us via [lci.invest@kilimo.go.ke](mailto:lci.invest@kilimo.go.ke) cc [tenders@kilimo.go.ke](mailto:tenders@kilimo.go.ke)

**PRINCIPAL SECRETARY**

# Ukraine and Kenya forge deeper ties to combat shared environmental challenges

BY JANE NGUGI  
(KNA)

Ukraine is keen to deepen its ties with Kenya towards tackling the common environmental challenges experienced by the two countries including the impact of war on climate change.

Ukrainian Honorary Consul Oleksii Sierkov indicated that climate change is a complex issue that no

single country can solve independently, adding a collaborative approach involving partnerships across national governments, the private sector, and the international community is required for rapid transformation. At the same time, the envoy disclosed that his country is committed to improving its diplomatic ties with Kenya and that a Ukrainian delegation will be visiting the country

soon.

The Ukrainian delegation with representatives from civil, academic, cultural, and political communities would be led by Lesia Vasylenko, a Member of Parliament, and discussions were on the efforts made by a previous delegation in trying to rebuild itself following a protracted war with her neighbor Russia.

Speaking at the Lake Nakuru National Park and Bird

Sanctuary after a delegation of 45 students from various institutions within Odesa Lyceum City in Ukraine planted more than 200 indigenous tree seedlings in the park, the envoy further noted that the number of tourists from his country visiting had been steadily increasing in the past four years.

The students aged 12 to 15, who jetted into the country a fortnight ago, also visited

A delegation of 45 students from various institutions in Odesa Lyceum City, Ukraine planted 200 indigenous tree seedlings in Lake Nakuru National Park. PHOTO DENNIS RASTO

Lake Naivasha, Tsavo East National Park, and several historical and cultural sites in the coastal region.

Sierkov, who was flanked by Lake Nakuru Lodge

Captain Mr. Joseph Muya indicated that Kenya and Ukraine shared the same values of democracy and belief in the right to self-determination.

## Nakuru County government eyes data migration to Konza Tech City

BY JANE NGUGI AND  
VERONICA NGINA (KNA)

The County Government of Nakuru is exploring modalities to migrate its data to the Konza Technology City Data Center for safekeeping, aiming to alleviate strain on its financial and infrastructural resources.

The devolved unit's administration has indicated that the move is motivated by the necessity to ensure

the highest level of safety for all data and information collected from employees, members of the public, state agencies, private entities, and organizations.

The Chief Officer for ICT, E-Government, and Public Communication, Ms. Stella Mwaura, stated that the collaboration would be a game-changer as it will reduce the need for an in-house data center with infrastructure

and operational staff, consequently decreasing expenditures for managing data assets and personnel.

"The county is preparing to make far-reaching changes in ICT solutions across various departments and revolutionize its digital infrastructure by exploring a strategic collaboration with Konza Technopolis Data Center. Digital revolution in county operations

A file photo of the Konza Technopolis signpost.

is a key pillar in Governor Susan Kihika's manifesto," Ms. Mwaura added.

The Konza Technology City Tier III Data Centre is the largest in East Africa,

boasting a capacity of 1.6 petabytes. It also stands as the first cloud infrastructure in the region.

Ms. Mwaura observed that by migrating to the

facility, the devolved unit would simplify work for its employees, clients, and the public, as the Data Center could provide them with high computing power and faster internet and streaming services, given that it hosts the servers for fiber and mobile service providers.

She noted that the Data Center has multiple servers with a high bandwidth that will be able to cater to the devolved unit's increased demand for internet services and offer better protection from cyber-attacks.

## Youth under utilized in agriculture amidst unemployment, food insecurity

BY BERNADINE MUTANU  
(MYGOV)

Despite the youth having a huge potential in the agriculture value chains, the majority remain unemployed amidst food insecurity in the country.

Research done by the Centre for African Bio-Entrepreneurship (CABE Africa) in Utafiti Sera Phase IV on Youth Employment Creation (YEC) in collaboration with Partnerships for African Social and Governance Research (PASGR) on potato, mango, and avocado value chains, shows that the average age of youth engaged in agribusiness is 30 years.

Further, the study shows that male youth involvement in mango and avocado value chains was 78 per cent, while it was only 22 per cent for women except in Nyandarua where male and female involvement in potato farming was 51 per cent and 49 per cent in that order.

CABE's two-year project was commissioned to identify policy gaps in youth employment in the three value chains and help the youth create employment

for themselves.

The project that began in September 2023 to August 2025 is targeting three value chains - Mango (in Makueni and West Pokot Counties), Potato (in Nyandarua and West Pokot Counties).

Speaking during a youth forum in Nairobi, Ag. Agriculture Secretary Douglas Kangi, who is also the Director of Crop Resources Management at the Ministry of Agriculture, said while young people have been facing challenges, the government is building the capacity of out of school youth in agribusiness by financing and linking them to the market.

"Our youth want to engage in profitable businesses, we have a lot to do to build their capacity. As a government, we do not work in isolation, we work with all the stakeholders in this sector, both public, private, non-governmental and everyone," he said.

He welcomed the private sector and the NGO world to get on board and help the government develop appropriate policies to create employment opportunities for youth in agriculture.

"Sometimes back, the process of policy development was the task of the government, but it no longer is the case. The process nowadays has brought everybody on board including the youth.

"In most of our value chains, we are not producing optimally. In terms of yield per area, we do not have any single value chain where we are producing optimally, even for avocados and mangoes; there is still a lot more to be done," he said.

He observed that employment and food security can be achieved in the country only if all stakeholders work collaboratively.

"As a ministry we are aware that there have been hindrances in agriculture in ensuring that there is optimal utilization of youth potential in contributing to sector goals of achieving food and nutrition security in self-employment and wealth creation.

"We have many policies which do not address youth issues, while annually we have about 1.5 million young people getting into the job market. Additionally, we have limited data on youth in Micro, Small and Medium Enterprises (MSMEs).

### THE KENYA NATIONAL EXAMINATIONS COUNCIL

KNEC is ISO 9001:2015 Certified

TENDER NOTICE

The Kenya National Examinations Council (KNEC) is a State Corporation established under the Kenya National Examinations Council Act No. 29 of 2012. The Council is mandated to conduct national assessments and examinations at both basic and tertiary levels and certify learners.

1.0 KNEC invites sealed bids from eligible Bidders for the Tenders below:

**CHIEF EXECUTIVE OFFICER**

**KENYA INSTITUTE OF SUPPLIES MANAGEMENT**  
*"Promoting Professionalism in Supply Chain Management"*

**CALL FOR EXPRESSION OF INTEREST**

**PROFESSIONAL TRAINERS IN PROCUREMENT AND SUPPLY CHAIN MANAGEMENT**

Kenya Institute of Supplies Management (KISM) is a corporate body established through an Act of Parliament, the Supplies Practitioners Management Act No. 17 of 2007. The Act provides for registration, training, regulation, and licensing of procurement and supply professionals in Kenya.

KISM invites applications from persons interested in serving as resource persons in the Institute's capacity-building themes for 2024.

The applicants should have the following minimum qualifications:

- First degree in a relevant field. Candidates with a Master's degree and PhD will have a distinct advantage;
- Post-graduate professional qualification in procurement and Supply Chain Management (SCM), or in the respective field of study for other disciplines;
- Registered member of KISM in good standing; or other professional body for other disciplines;
- Holders of KISM Supplies Practitioners License for SCM discipline
- At least ten years of practicing experience in procurement and supply chain or in your area of a relevant discipline
- Conversant with MS Office applications
- Fluent in both written and spoken English
- Previous training experience will be an added advantage

Interested candidates are requested to make online applications through the google form provided on this link <https://forms.gle/4CXLSegGwJRxM8sJ9> or visit the KISM website [www.kism.or.ke](http://www.kism.or.ke) under the careers section. Applicants should complete the online form and upload the required documents - written applications, curriculum vitae of not more than 4 pages, copies of degrees, diplomas, registration certificates, and practitioner licenses. **Those who had previously applied are encouraged to re-apply.** Successful applicants will be engaged intermittently in conducting the trainings.

**KENYA ROADS BOARD**

**DISBURSEMENT OF FUNDS - HALF YEAR FINANCIAL YEAR 2023/2024**

Kenya Roads Board disbursed funds amounting to **Kshs. 38.8 billion** towards maintenance of various roads in the country for half year, July to December, 2023.

Road Authority/Agency	Road Class	Amount (Kshs)
Kenya National Highways Authority	S, A, B (Major Trunk Roads)	16,531,499,854

**THE KENYA NATIONAL EXAMINATIONS COUNCIL**

KNEC is ISO 9001:2015 Certified

**SECONDARY EDUCATION QUALITY IMPROVEMENT PROJECT (SEQIP)**

**REQUEST FOR EXPRESSIONS OF INTEREST (CONSULTING SERVICES – FIRMS SELECTION)**

<b>Country:</b>	KENYA
<b>Name of project:</b>	Secondary Education Quality Improvement Project
<b>Credit No:</b>	6138-KE
<b>Assignment Title:</b>	Consultancy for the development of the Kenya Assessment Management System
<b>Reference/Contract No.:</b>	KE-KNEC-404258-CS-QCBS

The Government of Kenya has received financing from the World Bank toward the cost of the Secondary Education Quality Improvement Project (SEQIP) and Kenya National Examinations Council as one of the implementing agencies, intends to apply part of the proceeds for consulting services.

The consulting services ("the Services") include **Consultancy for the development of the Kenya Assessment Management System**. The Consultant will be required to complete the assignment within a duration of **Seven (7) months** and the consultant shall ensure full consistency with Terms of reference. Expected commencement dates will be March 2024.

The detailed Terms of Reference (TOR) for the assignment can be found at the following website: [www.knec.ac.ke](http://www.knec.ac.ke) and Public Procurement Information Portal (PIIP) or can be obtained at the address given below.

The Kenya National Examinations Council (KNEC) now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the expected Services. The shortlisting criteria shall be: (a) 10 years' experience in designing and developing Assessment Management Systems and Software for security related services; (b) having undertaken 3 contracts of similar scope and complexity in the last 5 years; and, (c) the Technical and Managerial and capacity of the firm. Key Experts will not be evaluated at the shortlisting stage.

The attention of interested Consultants is drawn to Section III, paragraphs, 3.14, 3.16, and 3.17 of the World Bank's "Procurement Regulations for IPF Borrowers" dated July 2016 and revised in September 2023 (5<sup>th</sup> Edition) ("Procurement Regulations"), setting forth the World Bank's policy on conflict of interest. In addition, please refer to the following specific information on conflict of interest related to this assignment: **"Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of being unable to carry out the assignment in the best interests of the Borrower"**

Consultants may associate with other firms to enhance their qualifications, but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.

A consultant will be selected in accordance with the Quality and Cost-Based Selection (QCBS) method set out in the Procurement Regulations.

Further information can be obtained at the address below during office hours **i.e., 0800 to 1700 hours.**

Expressions of interest must be delivered in a written form to the address below in person, by mail or by email by **4<sup>th</sup> March 2024. This Request for Expressions of Interest replaces the earlier one published on 6<sup>th</sup> February 2024 in My Gov.**

# Governors propose amendments to draft Cooperative Bill for enhanced management

BY DOUGLAS MUDAMBO  
(KNA)

The Council of Governors (COG) has proposed amendments to the draft Cooperative Bill, 2023, currently in the National Assembly, regarding the management of cooperatives in the country.

Through the Agriculture and Cooperative Committee chaired by Bungoma Gov-

ernor Kenneth Lusaka, the COG seeks clarity on the roles and linkages between the national and county governments on issues such as cooperative registration certificates, issuance of demand and agency notices, inspection of cooperative societies, and inquiry into the affairs of primary and secondary cooperatives, among others.

The Council recently ex-

pressed concerns regarding the draft Cooperative Bill, 2023, emphasizing the necessity of establishing a robust legal framework for the management of cooperatives in the country, a devolved function of county governments as enshrined in the Constitution.

The Council further stated the urgency in resolving the lingering stalemate to foster a more conducive environ-

ment for the growth and success of cooperatives in the nation.

"It is crucial to acknowledge and adhere to the constitutional functions of devolved governments, especially in agriculture," he said, asserting that the absence of automated systems for the management of cooperatives is detrimental to their growth and success in the country.

Bungoma County Governor Kenneth Lusaka (Centre) who is also the Council of Governors, Agriculture and Cooperative Committee Chairman makes his submission to the Ministry of Cooperatives and Micro, Small and Medium Enterprises (MSMEs) Development, Nairobi.

Interested firms may obtain further information from the office of the General Manager-Supply Chain, Tel: (254) (020) 3666230, Email: [tenders@kengen.co.ke](mailto:tenders@kengen.co.ke) on normal working days beginning on the date of advert. Bidders who are unable to download the tender documents from the website may collect them from any KenGen Supply Chain Office upon payment of a non-refundable fee of KShs.1,000.00 paid via Mpesa, pay bill no. 400200 and account no. 01120069076000, then share the MPesa message to KenGen Finance office staff for receipt and issuance of official receipt.

The document can also be viewed and downloaded from the website [www.kengen.co.ke](http://www.kengen.co.ke), on E-procurement <https://eprocurement.kengen.co.ke:50001/irj/portal> and on PPII portal <https://tenders.go.ke>

Bidders are advised to refer to the website and on e-procurement regularly for any additional information /clarifications/addenda. Downloaded copies are FREE.

**SUBMISSION OF TENDERS:**

- Tender documents must be submitted online through KenGen E-Procurement web portal found on the KenGen website ([www.kengen.co.ke](http://www.kengen.co.ke))
- Bidders who are interested in this tender **MUST** ensure that they are registered in the E-Procurement Portal. Please ensure compliance to the following;
  - For suppliers registering for the first time ensure the "Public Procurement" checkbox is ticked so that the login details are sent to suppliers automatically.
  - All documents Must be uploaded to the SRM System through the <https://eprocurement.kengen.co.ke:50001/irj/portal> found at [www.kengen.co.ke](http://www.kengen.co.ke)
  - Prices to be entered under item of the RfX shall be similar to be prices in the price schedule.

**Note:** Those Bidder who have submitted their bids and wish to amend them further should not click on **WITHDRAW** but click on **EDIT** to enable them amend their bid response and make appropriate changes.

Bidders who require any form of assistance on how to bid via the system are advised to download a manual from the website or may contact [eprocurement@kengen.co.ke](mailto:eprocurement@kengen.co.ke)

**Tender Security:**

**Electronic Tender Securities are acceptable subject to:**

- Attachment of a scanned copy to the bid document.
- Submission of the e-security to the address indicated below in plain sealed envelope clearly labelled.
- Such E-Security can be verified by use of a Quick Response (QR) code
- Such E-Security can be verified via the issuing institution's online portal.

**Where a non-electronic security is submitted, the hard copy of the Original Tender Security** in the form and amount specified must be delivered in plain sealed envelope clearly labelled with the tender number and tender description before the closing date and Time to the following address:

**General Manager- Supply Chain,  
Kenya Electricity Generating Company PLC,  
9th Floor, KenGen Pension Plaza II,  
Kolobot Road, Parklands,  
P.O. Box 47936, 00100 NAIROBI**

Tenders will be opened **online** soon after the closing time in the presence of the candidates' representatives who choose to attend at KenGen Pension Plaza II, Tender opening room, 6<sup>th</sup> floor.

**N/B: KenGen adheres to high standards of integrity in its business operations. Report any unethical behavior immediately to the provided anonymous hotline service.**

# Negotiations opened with contractors to restart Kisumu's stalled Koru-Soin Dam

BY CHRIS MAHANDARA(KNA)

The Government has opened negotiations with the contractor of the Koru-Soin Dam in Kisumu County on the modalities of restarting the stalled project.

This comes six months after the contractor, China Jianxi International Kenya Limited and China Jianxi International Economic and Cooperation Company Limited, suspended operations citing non-payment.

Water, Sanitation, and Irrigation Cabinet Secretary Zachariah Njeru said the 19.9 billion projects, which are fully funded by the government of Kenya, are critical in boosting water and food security in the Nyanza region.

The Government, he said,

Water, Sanitation and Irrigation Cabinet Secretary (CS), Zachariah Njeru, helps farmers apply fertilizer at Ahero Irrigation Scheme in Kisumu County.

is committed to ensuring that the project located on the border of Kisumu and Kericho counties takes off to boost rice production in Ahero.

Speaking during a tour of

the project, the CS said once it is completed, the dam will feed water into the Ahero Irrigation Scheme by gravity, thus lowering the cost of production.

Currently, the Scheme,

Water, Sanitation and Irrigation Cabinet Secretary (CS) Zachariah Njeru, being taken through the Koru-Soin dam project during a fact finding tour. PHOTOS: CHRIS MAHANDARA.

he said, is using electric pumps, incurring up to Sh4.5 million in bills every month. "Once this dam is completed, we are going to decommission these pumps. This will be of immense

benefit to the government

and farmers, since the cost of production will come down," he said. Land under irrigation in the area, he added, is also set to be increased to help meet the

deficit of rice in the country.

"Currently, we are importing 700,000 metric tonnes of rice annually, but with this project, we expect to produce enough to address this shortage," he said.

Irrigation Principal Secretary (PS), Ephantus Kimotho, said the government was focusing on the Western region and Tana water basin to scale up irrigation activities.

Last year, the State Department for Irrigation, he said, opened 47, 933 acres for irrigation, adding that this year the drive targets to open 60, 000 acres.

The move, which is aimed at boosting food security, will see up to one million additional acres under irrigation by the year 2027.

"Western region is one of the areas we intend to intensify irrigation infrastructure.

The region has one of the best water basins, which we want to maximize to boost food security," he said.

## COUNCIL OF LEGAL EDUCATION

---

### VACANT POSITION

The Council of Legal Education is established under the Legal Education Act, No. 27 of 2012. The core functions of the Council of Legal Education are to regulate Legal Education and training, license and supervise Legal Education providers, conduct the Advocates Training Program (ATP) Examination, recognize and approve qualifications in Law obtained outside Kenya and advise the Government on matters relating to legal education and training.

To deliver its mandate, the Council wishes to competitively recruit a **full-time** high-caliber officer for the following position.

No.	Position	Reference	Job Grade	No. of Positions
1.	Secretary/ Chief Executive Officer (CEO)	CLE/ JOB-001/ 2024	CLE 1	1

## PSSF PUBLIC SERVICE SUPERANNUATION FUND

Empowering Futures

---

### DECLARATION OF VACANT POSITIONS

The Public Service Superannuation Fund is established under the Public Service Superannuation Scheme Act, No. 8 of 2012 to provide retirement benefits to Civil Servants, Teachers employed by the Teachers Service Commission and Disciplined Services Personnel (Kenya Police Service, Kenya Prisons Service and National Youth Service).

The Public Service Superannuation Fund (PSSF) became operational with effect from 1st January, 2021 as appointed by the Cabinet Secretary (CS) for the National Treasury and Economic Planning through Legal Notice No. 156 published in the Kenya Gazette Supplement No. 146 of 12th August, 2020. The Cabinet Secretary equally appointed Members of the Board of Trustees, with a mandate to manage and operate the Fund, through Gazette Notice No. 5454 of 7th August, 2020 as provided under Section 10 of the Act.

The Public Service Superannuation Fund (PSSF) seeks to recruit highly motivated, visionary, dynamic and results oriented individuals of demonstrated high integrity, innovation and ability to deliver results to fill vacant positions at the fund. The fund invites applications from suitably qualified persons to fill the following positions:

S/No	Position	Grade	No. Of Positions	Position Ref. No.
1.	Senior Manager, Investment property Management	2	1	PSSF/1/2024
2.	Principal Legal Services	4	1	PSSF/2/2024
3.	Principal Scheme Administration Officer/Benefits Administration	4	1	PSSF/3/2024
4.	Principal Investment Officer	4	1	PSSF/4/2024
5.	Principal Accountant	4	1	PSSF/5/2024
6.	ICT Officer	6	1	PSSF/6/2024
7.	Supply Chain Management Officer	6	1	PSSF/7/2024
8.	Senior Assistant Office Administrators	7	2	PSSF/8/2024
9.	Senior Driver	8	2	PSSF/9/2024

Candidates interested in the above positions can access detailed role profiles, qualifications, experiences and other requirements on our website at [www.psss.go.ke](https://www.psss.go.ke)

Applications should be deposited at the Public Service Superannuation Fund, Human Resource Registry, Bima House, 6<sup>th</sup> Floor clearly indicating the position you are applying for or email to [hrdepartment@psss.go.ke](mailto:hrdepartment@psss.go.ke) or be posted to:

**Chief Executive Officer**  
**Public Service Superannuation Fund**  
**Bima House, Harambee Avenue**  
**P.O BOX 3561-00200 NAIROBI.**

All applications should be received not later than 17.00hrs on or before **Monday, 26<sup>th</sup> February 2024** during working hours.

Public Service Superannuation Fund is an equal opportunity employer, Marginalized Groups and Persons with Disabilities are encouraged to apply.

Only shortlisted candidates will be contacted. Any form of canvassing shall lead to automatic disqualification.

# Kisumu, US firm to establish Sh1.6b medicine plant

BY CHRIS MAHANDARA (KNA)

The County Government of Kisumu has partnered with a US-based pharmaceutical company and the Great Lakes University of Kisumu (GLUK) to establish a Sh1.6 billion medicine manufacturing plant in the area.

Through the tripartite arrangement, Med Aditus Pharmaceutical is set to construct a state-of-the-art plant at the Great Lakes University of Kisumu (GLUK) to produce high-quality subsidized drugs.

Kisumu County Governor Prof. Anyang Nyong'o said the development was the culmination of three years of negotiations with the firm, adding that the initiative was aimed at enhancing access to high-quality medicine and addressing gaps in the supply chain.

Speaking in Kisumu during the signing of a concession agreement with the firm, Nyong'o said the project would also create employment opportunities and support the medical supplies ecosystem in western Kenya and nationally.

The company, whose construction is expected to commence soon, he said, will produce two billion tablets annually at a highly subsidized cost, enhancing access to the commodities for underserved communi-

Kisumu Governor Prof. Anyang Nyong'o hands over a copy of the concession agreement for the project to Med Aditus President and Chief Executive Officer (CEO) Dhiren Thakker.

ties.

This, he added, would reduce dependence on imports, improve supply chain security, and increase resilience to shocks and disruptions in the face of emerging and re-emerging diseases.

The facility, he said, would also enhance research and training in partnership with GLUK to build highly qualified human resources in the pharmaceutical sector.

"It will foster innovation, training, and research in the pharmaceutical sector, contributing to the achievement of Universal Health Coverage and the national agenda on manufacturing," he said.

The county government, he added, has provided land, infrastructure, and incentives to the investor to ensure that the project takes off as scheduled.

"The decision to bring this company here is a big endorsement for Kisumu and a strong statement that Kisumu is becoming a city of choice for both local and international investments," he said. Med Aditus President and Chief Executive Officer (CEO) Dhiren Thakker said the initiative was informed by the company's desire to enhance access to medicine for underserved patients in Sub-Saharan Africa.

The state-of-the-art pharmaceutical, he said, would leverage on technology to guarantee steady and continuous production of drugs.

This, he added, was set to transform the ecosystem of medicine manufacturing in the country and ensure that patients have access to high quality and affordable supplies.

## KENYA RAILWAYS TENDER NOTICE

Kenya Railway (KR) invites application from interested and eligible Firms for the below tenders:-

NO	TENDER NUMBER	ITEM DESCRIPTION	TENDER COST	ELIGIBILITY	CLOSING DATE/TIME
1.	KR/SCM/067/2023-2024	Supply and Delivery of Consumables and Spare Parts for SGR Information Systems	1,000.00	Open	5 <sup>th</sup> March 2024 10.00 a.m.

7.	KR/SCM/073/2023-2024	Procurement of Security Surveillance System and Screening Equipment at Kisumu and Nakuru Passenger Station	1,000.00	Open	8 <sup>th</sup> March, 2024 10.00 a.m.
8.	KR/SCM/074/2023-2024	Procurement of Security Screening Equipment (Baggage and Walk Through Scanners for 15 NCR Mini Station	1,000.00	Open	8 <sup>th</sup> March, 2024 2.00 p.m.
9.	KR/SCM/075/2023-2024	Procurement of Security Surveillance System and Screening Equipment at Changamwe Marshalling Yard	1,000.00	Open	11 <sup>th</sup> March, 2024 10.00 a.m.
FRAMEWORK CONTRACT					
1.	KR/SCM/FRC/003 2023-2024	Supply and Delivery of General office Stationery for Railway Training Institute (RTI), Kenya Railways- HQS, KR-Regions and Standard Gauge Railway (SGR)	1,000.00	Special Group (Women, Youth & PWD)	11 <sup>th</sup> March, 2024 2.00 p.m.

Candidates are encouraged to peruse the Tender Document from KR Website: [www.krc.co.ke](http://www.krc.co.ke), and PPIP Website: [www.tender.go.ke](http://www.tender.go.ke) or from the office of the General Manager- SCM, Kenya Railways Headquarters Block B, Ground floor, Nairobi prior to purchase.

Interested bidders may obtain the Tender Documents from the office of the General Manager – SCM, Kenya Railways Headquarters, Block B, Ground Floor upon payment of a non-refundable fee of Kshs.1,000.00 or download the document from KR and PPIP website at **NO CHARGE**. Bidders who download the Tender Document must register their interest immediately by sending an email to [procure@krc.co.ke](mailto:procure@krc.co.ke) stating their names, email, postal & telephone address and tender details.

Completed Tender Documents (accompanied by a Tender Security in the amount and form specified in the tender document) in plain sealed envelopes must be clearly marked with the "Tender No. and the Description of the Tender": and shall be addressed to:-

The Managing Director  
Kenya Railways  
P.O. Box 30121-00100  
NAIROBI.

and be deposited in the Tender Box situated at the Reception Area, Ground Floor, Kenya Railways Headquarters, Block C on or before the closing date and time. Tenders will be opened in the presence of the tenderers' representatives who choose to attend at the Kenya Railways Headquarters.

MANAGING DIRECTOR

## INVITATION TO TENDER

The Kenya Deposit Insurance Corporation (KDIC) Invites Tenders from interested and eligible bidders for the provision of goods/service listed below.

TENDER NO.	TENDER DESCRIPTION	CATEGORY
KDIC/EOI/01/2023-2024.	Request For Expression of Interest to Provide Consultancy Services to Review Kenya Deposit Insurance Corporation (KDIC) Coverage Limit to Enhance Public Confidence and Financial Stability	Open
KDIC/OT/07/2023-2024	Tender for Provision of Office Outside Catering Services.	Open
KDIC/OT/09/2023/2024	Tender or Provision of Group Personal Accident Cover/Wiba Plus Insurance Cover.	Open
KDIC/OT/11/2023-2024.	Tender for Provision of Preventive Maintenance Services for Modular Data Center, Air Conditioning & Mechanical Ventilation Systems, and CCTV Cameras.	Open
KDIC/OT/12/2023/2024	Tender for Proposed Repairs, Refurbishment and Maintenance Works at the KDIC Godown (Industrial Area)	Reserved for AGPO.
KDIC/OT/13/2023-2024	Tender for Supply, Delivery, Installation and Configuration of Hyperconverged Solution	Open.

Eligible candidates may obtain the Tender and registration documents from KDICs website [www.kdic.go.ke](http://www.kdic.go.ke) or [www.tenders.go.ke](http://www.tenders.go.ke) (free of charge). Bidders who will download the tender documents must forward their company details to: [procurement@kdic.go.ke](mailto:procurement@kdic.go.ke) in order to facilitate subsequent clarifications and/or addendum.

Complete Tender documents in plain sealed envelopes and clearly marked with the **TENDER NUMBER** should be addressed to: -

Chief Executive Officer.  
Kenya Deposit Insurance Corporation  
P.O. Box 45983-00100 NAIROBI  
Old Mutual Towers, 17<sup>th</sup> Floor, Upper Hill,  
NAIROBI.

And be deposited in the tender box provided at **OLD Mutual towers, 16<sup>th</sup> floor, upper hill Nairobi**, so as to be received on or before **27<sup>th</sup> February 2024 at 10: 00am**. Bid documents shall be opened immediately thereafter at KDIC headquarters in the presence of Tenderers **who chose to attend**.

### CENTRAL RIFT VALLEY WATER WORKS DEVELOPMENT AGENCY

#### ADDENDUM NO. 1

Reference is made to the invitation to bid for the tenders below published on my Gov on **9<sup>th</sup> January, 2024** and the subsequent extension of bid submission deadline to **20<sup>th</sup> February, 2024 at 12:00 PM**.

# CS Owalo to serve as Member of International Telecommunication Union Board

BY BERNADETTE KHADULI (KNA)

The Cabinet Secretary for Information, Communications, and the Digital Economy, Eliud Owalo, has been nominated to serve as a Member of the International Telecommunication Union (ITU) Board.

The Global Digital Innovation Board is one of the vehicles of the Innovation and Entrepreneurship Alliance for Digital Development under the ITU, which aims

at accelerating the bridging of the digital innovation divide. It also provides support to ITU membership on their journey towards an equitable digital future for all.

Eighteen distinguished individuals have been selected to serve as members of the Digital Innovation Board based on their track record of leadership in innovation, competence, and

experience.

The Board is expected to provide strategic guidance, expertise, and advocacy regarding the initiative's mission of building critical local enablers and fostering innovation and entrepreneurship in digital development, aimed at creating a more inclusive and equitable digital future for all.

As the Alliance is accelerating innovation capac-

ity and creating linkages at the national, regional, and global level, the Board will advance the efforts of the Alliance on the global stage, leading the dialogue on fostering innovation and entrepreneurship in digital development with relevant stakeholders and prospective partners, including UN agencies, governments, and the private sector.

Speaking when he

**The Cabinet Secretary for Information, Communications, and the Digital Economy, Eliud Owalo**

launched the second ATU Preparatory meeting for WTSA-24, Owalo said, "Kenya recognizes ICTs as the driver of the digital transformation of our economy."

Other board appointees include Mr. Mohamed bin Thamir, the Minister of Transportation and Telecommunications, Bahrain, Hiroshi Yoshida, the Vice Minister, for Internal Affairs and Communications, Japan, Bosun Tijani, Minister for Communication and Digital Economy among others

## MINISTRY OF INFORMATION, COMMUNICATIONS AND THE DIGITAL ECONOMY

### KENYA INFORMATION AND COMMUNICATIONS ACT, 1998

#### CALL FOR APPLICATIONS

**IN ACCORDANCE** with Section 102 (2) of the Kenya Information and Communications Act, 1998 ("the Act") the Cabinet Secretary for Information, Communications and the Digital Economy declares vacancies in the position of Member of the Communications and Multimedia Appeals Tribunal ("the Tribunal") and invites applications from qualified persons.

The mandate, procedures and functions of the Chairperson and Members are stipulated under Sections 102A – 102G of the Act.

#### A. VACANCIES FOR THE POSITION OF MEMBER OF THE COMMUNICATIONS AND MULTIMEDIA APPEALS TRIBUNAL

Applications are invited from persons who possess a minimum of a Bachelor degree in media, telecommunication, postal, courier systems, radio communications, information technology or business practice and finance with fifteen (15) years working experience. Master degree holders shall have an added advantage. Applicants in the employment of the Government, the Media Council of Kenya or the Communications Authority of Kenya are not eligible for the post.

#### B. TERMS OF SERVICE

The Members of the Tribunal shall hold office for a period of three (3) years and shall be eligible for re-appointment for another term subject to a maximum of two terms.

#### C. HOW TO APPLY

- All applications (manual and online) should be accompanied by detailed curriculum vitae, copies of relevant academic and professional certificates and testimonials and telephone number and email.
- A copy of the National Identity Card should be appended.
- All applications should be clearly marked, "**Application for position of Member of the Communications and Multimedia Appeals Tribunal**" and submitted in any **ONE** of the following ways:

- Manual applications should be hand delivered to the **Central Registry, 9<sup>th</sup> Floor Telposta Towers, off Koinange Street**
- Online applications should be emailed to [moictjobs@information.go.ke](mailto:moictjobs@information.go.ke)
- Applications through the post office should be addressed to:

**Selection Panel for the Nomination of  
Member of the Communications and Multimedia Appeals Tribunal  
Ministry of Information Communication and Technology  
Teleposta Towers  
P.O Box 30025-00100  
NAIROBI**

#### Note:

Shortlisted applicants will be required to carry their original academic and professional documents for the interview and obtain clearance from the following bodies.

- Kenya Revenue Authority
- Higher Education Loans Board
- Ethics and Anti-Corruption Commission; and
- Directorate of Criminal Investigation (certificate of good conduct)

All applications should be received before **5.00 pm** on **Tuesday, 20<sup>th</sup> February 2024**

This advertisement can also be obtained from the Ministry of Information Communications and the Digital Economy website [www.ict.go.ke](http://www.ict.go.ke).

**ELIUD OWALO, FIHRM, EGH  
CABINET SECRETARY  
MINISTRY OF INFORMATION, COMMUNICATIONS AND THE DIGITAL ECONOMY**

## KENYA BIOVAX INSTITUTE LIMITED

### VACANT POSITIONS IN THE KENYA BIOVAX INSTITUTE

#### About the Institute:

The Kenya BioVax Institute is a State Corporation tasked with the manufacturing, packaging and commercialization of specialized Health Products and Technologies (HPTs) that include vaccines, therapeutics and other biomedical products.

**The Opportunity:** Applications are invited from qualified persons for the positions shown below:

V/NO.	POST	GRADE	NO. OF VACANCIES
KBI/35/02/2024	General Manager, Research and Technology Transfer	KBI 2	1
KBI/36/02/2024	General Manager, Production (Vaccines and Biologicals)	KBI 2	1
KBI/37/02/2024	Manager, Production (Vaccines and Biologicals)	KBI 3	1
KBI/38/02/2024	Manager, Engineering Services	KBI 3	1
KBI/39/02/2024	Manager, Safety, Health and Environment	KBI 3	1
KBI/40/02/2024	Manager, Strategy and Planning	KBI 3	1
KBI/41/02/2024	Manager, Human Resource and Administration	KBI 3	1
KBI/42/02/2024	Manager, Sales and Marketing	KBI 3	1
KBI/43/02/2024	Manager, Finance and Accounts	KBI 3	1
KBI/44/02/2024	Assistant Manager, Vaccines and Biologicals	KBI 4	1
KBI/45/02/2024	Principal Production Scientist	KBI 5	2
KBI/46/02/2024	Principal Engineer	KBI 5	2
KBI/47/02/2024	Principal Accountant	KBI 5	1
KBI/48/02/2024	Principal Supply Chain Management Officer	KBI 5	1
KBI/49/02/2024	Principal Product Quality Control Officer	KBI 5	1
KBI/50/02/2024	Principal Engineering Technician	KBI 6	1
KBI/51/02/2024	Senior Human Resource Officer	KBI 6	1
KBI/52/02/2024	Senior Product Quality Assurance Officer	KBI 6	1
KBI/53/02/2024	Senior Engineer	KBI 6	1
KBI/54/02/2024	Safety, Health and Environment Officer	KBI 7	1
KBI/55/02/2024	Administration Officer	KBI 7	1
KBI/56/02/2024	Information Communication and Technology Officer	KBI 7	1
KBI/57/02/2024	Finance Officer	KBI 7	1
KBI/58/02/2024	Accountant	KBI 7	1
KBI/59/02/2024	Supply Chain Management Officer	KBI 7	1
KBI/60/02/2024	Internal Auditor	KBI 7	1
KBI/61/02/2024	Human Resource Management Officer	KBI 7	1
KBI/62/02/2024	Driver II	KBI 11	1
KBI/63/02/2024	Office Assistant I	KBI 11	2

Interested and qualified persons are required to make their applications ONLINE through the Kenya BioVax e-recruitment portal <https://recruitment.biovax.go.ke> so as to reach the Institute on or before **5<sup>th</sup> March, 2024 latest 5.00 pm East African Time.**

**ONLY ONLINE APPLICATIONS** shall be accepted. Please notify us through [hr@biovax.go.ke](mailto:hr@biovax.go.ke) once you have applied.

**THE KENYA BIOVAX INSTITUTE IS AN EQUAL OPPORTUNITY EMPLOYER; PEOPLE WITH DISABILITIES, THE MARGINALIZED AND THE MINORITIES ARE ENCOURAGED TO APPLY.**

**THE KENYA BIOVAX INSTITUTE DOES NOT CHARGE A FEE AT ANY STAGE OF ITS SELECTION PROCESS INCLUDING APPLICATION, INTERVIEW MEETING AND PROCESSING OF OFFER LETTER.**

*Only short-listed candidates will be contacted.*

Tel: 0724253398, 0735013046 E-mail: dgnema@nema.go.ke Website: www.nema.go.ke

### NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED TWO RIVERS DAM PROJECT LOCATED IN ELDORET TOWN UASIN GISHU COUNTY

Pursuant to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent **Central Rift Valley & Lake Victoria North Works Development Agencies** intends to construct a dam which will involve gravity flow distribution of treated water. The design capacity of the proposed dam is 74167M<sup>3</sup>/day. The proposed dam will submerge the existing two rivers dam and therefore the current production (12000M<sup>3</sup>/day) of the existing two rivers dam will be lost. The selected dam type is Roller Compacted Concrete Dam(RCC)of structural height 39.3m high with an Overflow Ogee Spillway(126m) stepped spillway chute and a stilling basin. Other key features of the proposed dam include: Riverbed Elevation(2150masl), Storage Level(2173.55masl), Full Supply Level(NWL);2180.3Masl), maximum water level at floods (2182.80masl), Dam Crest Level (2184.3masl),Dead Storage 6.62Mm<sup>3</sup>, Live Storage 9.06Mm<sup>3</sup>,Total Dam Volume 15.686Mm<sup>3</sup>, Area Inundated at Full Supply Level 1.74Km<sup>2</sup>. The raw water from the two rivers dam will be transmitted to the Sosiani Water Treatment Works for treatment before distribution to consumers. The project will be located in Eldoret town Uasin Gishu County

The following are the anticipated impacts and proposed mitigation measures:

Impacts	Mitigation measures
<b>Loss Of Biodiversity (Flora)</b>	<ul style="list-style-type: none"> <li>Where possible, clearing of vegetation more so the indigenous trees need to be avoided during construction as much as possible</li> <li>Where clearing of trees is inevitable, the land should be landscaped and planted with as much indigenous vegetation as possible so as to restore the lost biodiversity.</li> <li>The extent of clearing within the work stations should be clearly marked.</li> <li>Instruct all construction workers to restrict clearing to the marked areas and not to work outside defined areas.</li> <li>Avoid introduction of invasive alien species in the landscaping activities.</li> </ul>
<b>Increased soil erosion</b>	<ul style="list-style-type: none"> <li>Pile the top soil where it can be reused</li> <li>Soil erosion control measures should be undertaken to avoid erosion in sensitive areas and those prone to erosion</li> <li>Rehabilitation of degraded environment should be undertaken to stabilize the soil and therefore reduce rate of soil erosion and siltation.</li> <li>Soil conservation measures should be observed especially at stockpiled areas.</li> <li>Bare areas should be landscaped after completion.</li> <li>Operations will be timed to take place during the dry season when soils are dry to reduce soil compaction.</li> <li>Re-vegetation should be enhanced to reduce run off.</li> </ul>
<b>Disruption of movement during Construction</b>	<ul style="list-style-type: none"> <li>Where such excavations are wide, foot bridges should be erected at the livestock corridors to facilitate their movement.</li> <li>Since this is a short-lived occurrence, the contractor should engage local people to make them understand the importance of the exercise and encourage them to use other alternative routes.</li> </ul>
<b>Removal and disposal of asbestos pipes</b>	<ul style="list-style-type: none"> <li>Asbestos containing pipes be replaced with other pipe types.</li> <li>Before disposal commences, an environmental audit should be conducted.</li> <li>The disposal of asbestos should be guided by the "Asbestos management plan (AMP)".</li> <li>The asbestos material should be conveyed, handled and distributed in a safe manner so as not to cause any ill effects to any person or the immediate environment.</li> <li>The onsite and offsite disposal sites shall be marked clearly as asbestos hazard area in accordance with the National Guidelines on Safe Management and Disposal of Asbestos</li> <li>Removal including Onsite/offsite disposal of asbestos shall be subjected to environmental impact assessment in accordance with the Environmental (Impact Assessment and Audit) Regulations, 2003</li> </ul>
<b>Air pollution</b>	<ul style="list-style-type: none"> <li>Use of water sprays when dusts are being generated or at times of strong wind</li> <li>All materials stored or stockpiled on site should be adequately covered</li> <li>Maintain machineries at manufacturer's specifications of minimizing emissions.</li> <li>Where unavoidable, construction workers working in dusty areas should be provided and fitted with respirators or personal protective equipment</li> <li>Conduct air quality analysis regularly</li> <li>Cover all trucks hauling soil, sand and other loose materials to avoid spillage and dust emissions that may interfere with smooth motoring</li> <li>Site roads should be dampened every 4-6 hours or within reasonable interval to prevent dust nuisance and on hotter days, this frequency should be increased</li> <li>Cover or wet construction materials such as sand and unpaved areas with gunny bags to prevent dust nuisance.</li> </ul>
<b>Excess noise and vibrations</b>	<ul style="list-style-type: none"> <li>Use of equipment that is fitted with noise reduction devices such as mufflers.</li> <li>Construction workers operating equipment that generates noise should be equipped with noise protection equipment</li> <li>Machines should be maintained at manufacturers' specificationst</li> </ul>
<b>Solid and liquid waste generation and management.</b>	<ul style="list-style-type: none"> <li>A waste management plan should be adopted as part of the construction works.</li> <li>Hazardous substances should be handled safely and at designated and safe area.</li> <li>Identify areas where re-fueling and vehicle maintenance activities and storage of hazardous materials will be permitted.</li> <li>Skips and bins should be strategically placed within the campsite and construction site.</li> <li>Skips and bins should be adequately designed and covered to prevent access by vermin and minimize odour. They should also be emptied regularly</li> <li>Careful pumping of sewage from upstream manholes to downstream manholes</li> <li>Block off the main trunk line to minimize chances of exposing staff to raw sewage during work.</li> <li>Measures to ensure that waste materials from the Project are disposed at suitable sites should be taken. These will include engaging only reputable truckers and conducting appropriate spot checks to verify that disposal are done in accordance with the requirements of NEMA</li> </ul>
<b>Changes in hydrology/impended drainage/deep excavations</b>	<ul style="list-style-type: none"> <li>Release of adequate water for the downstream communities and aquatic organisms</li> <li>The amplitude of this impact will be sized during the continuation of the hydro sedimentology studies that will detect the need or not to take direct control actions, as the dredging of the sandy sediment. The bottom discharger may collaborate in reducing the sediment build-up in the reservoir area.</li> </ul>

Impacts	Mitigation measures
<b>Changes in hydrology/impended drainage/deep excavations</b>	<ul style="list-style-type: none"> <li>Application of rainfall and meteorological stations in the monitoring water supply for continuous follow-up of the climatic conditions.</li> <li>Earthworks should be restricted to construction sites</li> <li>Install warning signs and lightings at both deep and shallow trenches</li> <li>Backfilling trenches as soon as works are completed</li> <li>Provide temporary bridges and protection rails at deep trenches to facilitate people movement.</li> </ul>
<b>Traffic obstruction</b>	<ul style="list-style-type: none"> <li>Ensure all construction vehicles to and from the construction site use the designated Entry/Exit to the project site.</li> <li>Construct traffic diversions.</li> <li>Sensitize truck drivers to avoid unnecessary road obstruction.</li> <li>Contractor should stick to the provided timeline for completion of works of the Project</li> </ul>
<b>Occupational safety and health</b>	<ul style="list-style-type: none"> <li>There should be adequate Personal Protective Equipment (PPE) to all workers and they should be worn all the time.</li> <li>There should be adequate provision of the requisite sanitation facilities for human waste disposal.</li> <li>Workers should receive requisite training especially on the operation of the</li> <li>There should be adequate warning and directional signs.</li> <li>Provide clean drinking water for the employees.</li> <li>Develop a site safety action plan detailing safety equipment to be used, emergency procedures, restriction on site, frequency and personnel responsible for safety inspections and controls.</li> <li>A sign board warning on HIV/AIDS, drugs and alcohol abuse be displayed at the construction camp sites</li> <li>The campsites and their facilities need to be constructed at sites carefully selected away from the sensitive areas.</li> <li>Rehabilitate excavated sites soon as construction is complete.</li> <li>Train workers on the use of firefighting equipment.</li> <li>Provide First Aid kit within the construction site.</li> <li>Recording of all injuries that occur on site in the incident register, corrective actions for their prevention are instigated as appropriate.</li> <li>Provide prevention tools such as condoms at the health Centre and construction site to all.</li> <li>Contractor to ensure compliance with the Workmen's Compensation Act, ordinance regulations and union agreements.</li> <li>Guide all workers in Safety Health and Environment (SHE).</li> </ul>
<b>Fire risks and emergency preparedness</b>	<ul style="list-style-type: none"> <li>Put "No Smoking Signs" in areas where inflammables are stored.</li> <li>Guide all workers in Safety Health and Environment (SHE).</li> <li>Provide adequate firefighting equipment capable of fighting all classes of fire.</li> <li>Provide first Aid kit within the construction site.</li> <li>Label all inflammable materials and store them appropriately</li> <li>There should be adequate PPE to all workers and should be worn all the time.</li> <li>Conduct regular fire-fighting drills.</li> <li>Develop a fire fighting emergency plan.</li> <li>Train one member of staff on fire preparedness</li> </ul>
<b>Displacement of the affected people.</b>	<ul style="list-style-type: none"> <li>Sensitization of stakeholders and land owners in decision making at all levels.</li> <li>Compensate all the PAPs affected by the land take.</li> <li>Provide alternative land of similar value to the PAPs.</li> <li>Avoid areas with heavy residential buildings as much as possible.</li> <li>Issue advance notices to all affected individuals before commencement of property demolition exercise.</li> <li>A Resettlement Action Plan Report (RAP) and valuation of assets has been undertaken. It is advisable that compensation be done before project commencement</li> </ul>
<b>Increased insecurity</b>	<ul style="list-style-type: none"> <li>Provide day and night security guards.</li> <li>Provide adequate lighting within and around the construction site</li> </ul>
<b>Gender Based Violence / Child protection</b>	<ul style="list-style-type: none"> <li>Sensitization on Gender based violence through posters, tool talks for workers</li> <li>Develop a GBV mechanism to deal with grievances</li> <li>Develop a policy against GBV</li> <li>All workers and employees to sign a Code of Conduct that clearly explains the related policy</li> <li>All employed will be expected to submit their ID to establish their age</li> </ul>
<b>Influx of immigrants in search of employment opportunities</b>	<ul style="list-style-type: none"> <li>Priority (70%) should be given to employing staff from the local community</li> <li>Review the construction activities to integrate with the HIV/AIDS campaigns;</li> <li>Develop appropriate training and awareness materials for Information, Education and communication (IEC) on HIV/AIDS;</li> <li>Identify other players (local CBOs, NGOs, and government organizations) to assist in the dissemination of the awareness of HIV/AIDS for enhanced collaboration;</li> <li>Develop an intervention strategy compatible with the construction programme to address success of the HIV/AIDS prevention and provide peer educators for sustainability in collaboration with other stakeholders; and</li> <li>Integrate monitoring of HIV/AIDS preventive activities as part of the construction supervision. Basic knowledge, attitude and practices are among the parameters to be monitored, and particularly on provision of condoms, status testing and use of ARVs.</li> </ul>

# Mobile milling machines bring prosperity to Taita Taveta rice farmers

BY ARNOLD LINGA  
MASILA(KNA)

Rice farmers in Taita Taveta County will benefit from mobile milling machines that are expected to help increase their earnings.

Speaking to residents of Mboghoni Ward in Taveta Sub-County during the commissioning and testing of one of the mobile milling machines, Dr. Dominic Menjo, the Food Security Advisor to the President,

said the machines are going to revolutionize post-harvest rice processing and potentially increase the price per kilo from Sh40 to Sh85.

Describing the machines as the missing piece to the puzzle of revitalizing the county's rice value-addition chain, Dr. Menjo said, "Now farmers will have no reason to sell their rice at throwaway prices simply because they do not have access to processing technology and equipment at

Dr. Dominic Menjo (C, in white), food security advisor to the President, speaks during the commissioning of a mobile rice machine at Mboghoni in Taveta Sub-County.

their disposal." "The era of impoverishing Kenyan farmers is rapidly coming to an end because the national government is using a bottom-up approach to empower and support agricultural production at all phases," Dr. Menjo added.

For many years, rice farmers in Taveta have been compelled by circumstances to sell unprocessed produce to brokers at around Sh40 per kilo, who then take it to Tanzania for processing be-

fore the final product is imported to Kenya for not less than Sh100 per kilo.

"We've been hoping for a day like this when we will process our rice and sell it at the prevailing market prices and benefit from our efforts," said Simon Msagha, a rice farmer from Mboghoni.

The mobile rice milling machines can process 1.5 tonnes per hour, a capacity that will come in handy during the harvesting season.

## LAKE VICTORIA SOUTH WATER WORKS DEVELOPMENT AGENCY

- Have shown ability and demonstrated merit as reflected in work performance and results.

**Note:** Those who applied earlier are encouraged to re-apply.

**HON. JONATHAN M. MUEKE, CBS  
PRINCIPAL SECRETARY**

# Happy residents surprise Thika Chief Magistrate with heartfelt tribute in Court

BY MUOKI CHARLES(KNA)

The Thika Law Court was treated to a rare spectacle when residents, including artists, surprised Chief Magistrate Ms. Stella Atambo with a bouquet of flowers for her dedication to dispensing justice and her legal expertise, which they said has positively impacted the community.

Ms. Atambo, caught unaware amidst jubilation, song, and dance as she alighted from her vehicle to attend court sessions, couldn't hold back tears as the dancing youths courageously escorted her to her chambers.

The locals described her as an embodiment of a public officer who does not entertain mediocrity whenever litigants appear before her in court. Over 20 people, led by decorated actress Sue Kimani, aka 'Waitherero', expressed that they are beneficiaries of Ms. Atambo's impartial rulings and guidance, noting tremendous improvement in legal service delivery at Thika Court

Chief Magistrate Stella Atambo

during her tenure.

Though they described the Magistrate as very tough and a no-nonsense judicial officer inside the courtroom, they acknowledged her initiation of programs in the court that have positively impacted litigants.

"In the courtroom, she is tough. In fact, we were quite a big group, but after learning that it was Ms. Atambo they were going to face, most of them disappeared into thin air. However, her delivery of rulings by guiding litigants and calling for alternative dispute resolution mechanisms cannot be

underestimated," Waitherero said.

Accompanying them was a daughter of the late former Juja billionaire, Christopher Mbote, who had two wives battling over his burial site. Ms. Atambo helped reunite them after delivering a landmark Solomon-like ruling that the deceased be buried at the boundary between the houses of the two wives, ending a legal burial tussle that could have taken years.

They mentioned that during Atambo's tenure as the Chief Magistrate, operations at the Thika Law Court

have improved, especially in cases involving minors and the establishment of a Small Claims court. Additionally, she played a crucial role in overseeing and operationalizing the newly launched e-filing digital platform, as well as lobbying for a High Court registry to be established in Thika, where a new judge has since been posted.

"We felt that since this is a month of love, we should recognize the efforts by the Chief Magistrate in streamlining operations at the Thika Law Courts. Again, she has helped feuding families to reunite. She has also been instrumental in helping minors get justice," Waitherero emphasized.

Ms. Atambo admitted that the appreciation came as a surprise and attributed the successes to teamwork, collaboration with court users, and other stakeholders. She was recently feted by the Law Society of Kenya, Nairobi Chapter, for her exemplary performance in transforming the busy Thika Law Courts, which have the largest number of magistrates in Kiambu County.

# PS urges support for reformed offenders

BY PATRICK NYAKUNDI AND JOHN MUTINDA(KNA)

Members of the public have been urged to accept inmates after they have been released from prison since they are already rehabilitated. The Principal Secretary for the State Department of Correctional Services, Dr. Salome Beacco, stated that her officers have scaled up efforts to rehabilitate offenders to ensure their successful reintegration into society as productive members of the community.

"The mandate of probation officers is to take care of both the inmates and the communities. We engage them through mediation and counseling. Additionally, we have community volunteers who assist," said Dr. Beacco while speaking to the media at Makeni GK Prison during an inspection tour.

"The community can learn to forgive the offenders and try to understand that those who have served custodial and non-custodial sentences are reformed and ready to be resettled

into society as productive members, using the skills they have learned," posed the PS. She disclosed that correctional facilities have been transformed from places of punishment to rehabilitation centers where inmates and prison officers collaborate to effect positive change.

"As we have transitioned from punishment to rehabilitation of our inmates, this has significantly improved the relationship between inmates and officers, fostering collaborative work for the benefit of inmates without neglecting the victims as well," noted Dr. Beacco. "One of our rehabilitation programmes involves training prisoners in many skills such as carpentry, to ensure they can fend for themselves once they are released from prison," she added.

Governor Mutula Kilonzo Jr welcomed the idea saying the county governments will benefit a lot if prisoners can be used to offer services hence making a saving from the huge monies asked by contractors.

## TENDER NOTICE

### INVITATION TO TENDER

The Kenya Electricity Transmission Company Limited (KETRACO) is a State Corporation whose mandate is to plan, design, construct, operate, own, and maintain high voltage national electricity transmission grid and regional power interconnectors.

KETRACO now invites tenders from interested/eligible firms to bid for the tenders given below:

KETRACO tenders run on SAP ARIBA e-procurement platform and therefore the tender document detailing the requirements may be viewed by clicking on the link provided in KETRACO website ([www.ketraco.co.ke](http://www.ketraco.co.ke)) beginning **Wednesday 14<sup>th</sup> February 2024**.

S/ no	Tender Description	Tender Reference Number	Closing Date
1.	Generator Maintenance Services and Repairs	KETRACO-PT-005-2024	6 <sup>th</sup> March 2024 as at 10:30 am EAT
2.	Leasing of Multi-Functional Color Network Duplex Printers	KETRACO-PT-007-2024	28 <sup>th</sup> February 2024 as at 10:30 am EAT

All enquiries on this tender KETRACO-PT-005-2024 should be channelled through [rsuda@ketraco.co.ke](mailto:rsuda@ketraco.co.ke), [gkibet@ketraco.co.ke](mailto:gkibet@ketraco.co.ke); [swaleh@ketraco.co.ke](mailto:swaleh@ketraco.co.ke) or through message board in SAP Arriba.

All enquiries on this tender KETRACO-PT-007-2024 should be channelled through [bambani@ketraco.co.ke](mailto:bambani@ketraco.co.ke); [nkemunto@ketraco.co.ke](mailto:nkemunto@ketraco.co.ke); [rabdi@ketraco.co.ke](mailto:rabdi@ketraco.co.ke); [lkirui@ketraco.co.ke](mailto:lkirui@ketraco.co.ke) or through message board in SAP Arriba.

Complete tender documents shall be electronically submitted through SAP ARIBA platform on or before the dates as indicated in the table above for specific tenders.

Tenders will be opened electronically promptly thereafter in the presence of the tenderers or their representatives who choose to attend in KETRACO Procurement Office at **Kawi Complex, Block B, Second Floor**.

KENYA REVENUE  
AUTHORITY

## Public Notice

### Update on Simplification of the VAT Return Filing

The Kenya Revenue Authority (KRA) wishes to update all VAT registered Taxpayers that further to our Public Notice on "Simplification of the VAT Return Filing" the VAT return will now be pre-filled with tax information available to KRA with effect from the **February 2024** tax period and not the January 2024 tax period as earlier communicated.

This adjustment is intended to prevail upon VAT registered Taxpayers to ensure that **ALL** their input VAT claims are supported by valid TIMS/eTIMS generated tax invoices since any input VAT claim that is not validated through TIMS/eTIMS or against existing customs import declarations for import VAT claims will not be allowed. In this regard, we remind all Taxpayers of their obligation to **issue** electronic tax invoices and **transmit** the invoice details to KRA.

We therefore advise all VAT registered Taxpayers to proceed and file their **January 2024** VAT self-assessment returns by 20<sup>th</sup> February 2024. Further, we remind Taxpayers that upon roll out of the simplified VAT return, they will be required to confirm the accuracy of the declaration before submission of the return.

KRA will continue to sensitize Taxpayers on the simplified VAT Return filing process and to support and facilitate all Taxpayers to comply with the electronic tax invoicing requirements. We take this opportunity to thank all compliant Taxpayers.

For further information please call our Contact Centre on Tel: (0) 20 4 999 999, 0711 099 999 or Email: [callcentre@kra.go.ke](mailto:callcentre@kra.go.ke) [www.kra.go.ke](http://www.kra.go.ke)

# CS Murkomen flags off 50 wagons to boost rail freight

BY FATMA SAID (KNA)

Roads and Transport CS Kipchumba Murkomen has flagged off 50 new wagons for SGR Freight Services in a strategic move aimed at enhancing the competence and capacity of the country's transport infrastructure.

The proposed changes are

expected to significantly enhance the nation's freight capabilities, resulting in smoother operations, and enhancing logistical prowess for the railway sector.

Speaking at the Port Reitz Freight Station, Mombasa, Murkomen said railway transport is a key enabler of the inspiration set out in the country's long-term devel-

opment blueprint.

"The acquisition of 50 new wagons is part of our strategic response to market dynamics, meeting the ever-changing customer demands and gaining a competitive edge," he said.

The CS added that the attainment will also help in the goal of optimizing rail assets, availability, reli-

Roads and Transport CS Kipchumba Murkomen when he flagged off 50 new wagons for the SGR freight services at Port Reitz, Mombasa.

ability, and utilization to sustainably increase the net ton per kilometer. The government's investments and reforms have resulted in significant gains in the railway transport sector, including both Standard Gauge Railway and Meter-Gauge Railway. "The volume of cargo transported via MGR increased by 21 percent from 797,000 tons in 2022 to 1,955,000 tons in 2023, while SGR volume increased by seven percent, from 690,000 tons to 6,533,028

Only shortlisted candidates will be contacted. Canvassing in any form will lead to automatic disqualification.**

# State assures safety of NHIF funds amid transition to Social Health Authority

BY JANE NGUGI AND JEDIDAH GITAU(KNA)

The state has assured Kenyans of the safety of their contributions as the National Hospital Insurance Fund (NHIF) transitions to the new Social Health Authority (SHA).

To allay fears among Kenyans regarding changes in the health scheme, the government has further put in place a transition committee to ensure there is continuous service delivery and to develop guidelines and operational mechanisms during the transition period for audit.

National Syndemic Disease Control Council (NSDCC) Chief Executive Officer Dr. Ruth Masha, who represented Health

**National Syndemic Disease Control Council (NSDCC) Chief Executive Officer Dr. Ruth Masha who represented Health Cabinet Secretary Dr. Susan Nakhumicha during a public sensitization held in Nakuru. PHOTO: JEDIDAH GITAU.**

Cabinet Secretary Ms. Susan Nakhumicha during a public sensitization on the NHIF changeover at the Nakuru Agricultural Trade Fair, said Social Health Insurance Fund represents a transformative initiative aimed at addressing the healthcare needs of the citizens.

NHIF has a total of 15.4 million members.

Out of this, only 6.7 million are active. In the 2021/2022 financial year, NHIF collected a total of Sh61.53 billion from its members, she said.

The 57-year-old NHIF is set to be disbanded and replaced by the Social Health Authority thanks to the Social Health Insurance Bill of 2023.

The Court of Appeal last

month lifted an order blocking the implementation of the Social Health Insurance Fund (SHIF) paving way for the government to roll out the new Universal Health Care (UHC) laws.

A bench of three judges lifted the order blocking the roll-out following an application at the court for a temporary suspension of the High Court directive pending the determination of the case filed by Joseph Enock Aura.

The Appellate court ruling now allows the government to start the implementation of the Social Health Insurance Act, 2023, Primary Health Care Act, 2023 and Digital Health Act, 2023.

The government had published the draft Social

Health Insurance (General) Regulations, 2023 at the end of last year and invited members of the public to give their views.

Dr Masha explained that SHIF introduces a universal healthcare system that will guarantee access to essential medical services to all Kenyan citizens adding that the element of the proposed fund's inclusivity was a pivotal step towards reducing health disparities and promoting health equity.

"A major ingredient of the Fund is that it comes with huge financial relief to families.

Medical expenses exert substantial financial pressure, tipping over many families into poverty. The initiative seeks to lessen this by scattering the cost of healthcare across the population," the NSDCC CEO stated.

Dr. Masha assured Kenyans the current management of NHIF is documenting the organiza-

tion's properties, liabilities, and assets, which will be handed over to the new authority.

Nakuru County Chief officer in charge of Public Health Alice Abuki indicated that the Fund is designed to enhance preventive care measures.

She noted that regular check-ups and early detection of illnesses are crucial in maintaining public health adding that by providing coverage for preventative services, the programme encourages citizens to prioritize their well-being, leading to a healthier population and reducing the overall burden on the healthcare system.

"This initiative also aims to improve the quality of healthcare services. With a dedicated fund supporting healthcare providers, there is potential for increased investment in medical infrastructure, training, and technology," observed the Chief Officer.

# Wagons to boost rail freight – Murkomen

CONTINUED FROM PAGE 27

tons,” Murkomen stated.

The first batch of 50 Standard Gauge Railway wagons arrived in Mombasa in January 2024, inspected by Railway Engineers, and are certified for movement. A second batch is expected later this month.

The Standard Gauge Railway saw a 12 percent passenger increase in 2023 due to the introduction of 70-

ton wagons to reduce road damage.

“We are also expecting an additional 20 SGR passenger coaches comprising four business class, three first class, 12 economic coaches, and one power car, of these, six will have provisions for people with disabilities, which is in line with the government’s principle of inclusivity,” Murkomen added.

Kenya Railways procured 500 wagons for 2024/2025, including 300 DGR and 200 MGR, to ensure 30 per cent growth and facilitate cargo movement to Kampala via Naivasha’s SGR and MGR transshipment facility.

The Managing Director of Kenya Railways Philip Mainga said it has been six years since they last acquired more wagons.

# PCPB raises alarm over importation of counterfeit pesticides

BY ANDREW HINGA (KNA)

The Pest Control Products Board (PCPB) has raised concerns over the influx and usage of unregistered and counterfeit pesticides in the mainstream markets in the country.

Speaking to KNA in Mombasa, PCPB Coast Regional Manager Stanley Nganga said the Board is privy to unauthorized entry and clearance of containers bearing counterfeit pesticides through the Port of

Mombasa.

Nganga noted that in the last few weeks, the Board had flagged out several consignments of unauthorized pesticide products which made their way into the country and were falsely declared during the clearance process at various points of entry.

“We have managed to intercept and receive tip-offs regarding huge consignments at various

points of entry, including a 23,700-kilogram container at Boss Freight CFS, which was shipped into the country from Ningbo, China, and falsely declared and cleared, contrary to the laid down procedure,” he said.

The manager added that the incidents have prompted the Board to take stringent measures to enforce compliance and regulate the entry of authorized pesticides into the country.

Quality health training towards realization of Vision 2030

# Ministry to host digital forum

BY RACHAEL KILONZO (PCO)

The Ministry of Information Communications and the Digital Economy in partnership with Greydale Africa will host the Digital Transformation Public Sector (DTPS) Forum and Awards on February 22nd and 23rd this year, in Mombasa.

The Forum which will be attended by Information, Communications, and the Digital Economy Cabinet Secretary, Eliud Owalo has been sponsored by Amazon Web Services, Computer Revolution Africa, and Intel among other Key development partners.

Speaking during a press briefing held at the Ministry Headquarters at Teleposta Towers, Nairobi, ICT, and the Digital Economy Principal Secretary Eng. John Kipchumba Tanui,

noted that the forum which is the first of its kind will showcase successful digital achievements and solutions in government Ministries, Departments and Agencies (MDA's)

"It will provide a convening platform for all tech experts in the public and private sectors, equip public officers with skills and knowledge, promote effective service delivery and fast-track digital transformation.

"The event will recognize those who have made significant achievements in the digital transformation agenda," Eng.Tanui added.

He further said the awards celebrate excellence in public sector digital transformation and aim to recognize public sector organizations that are continuously leveraging on technology, to improve ef-

fectiveness, transparency, and service delivery.

"Additionally, the forum will create a transparent environment for leaders to openly discuss challenges faced during the digitalization process, fostering a collaborative approach towards finding effective solutions.

"At this forum, we want to identify the different gaps in institutional capacity and explore various strategies, to strengthen the digital capabilities of public institutions, ensuring they are well equipped for a fully digitalized government," Tanui said.

In attendance was Greydale Africa Managing Director, Ms. Lavinniah Muthoni Mwangera, Regional Lead (WWPS) West, East and Central Africa, Amazon Web Services, Mr. Robin Njiru, and Revolution Africa Chief Executive Officer, Simon Kinuthia.

# Target shifts to survivors led movements to enhance the fight against FGM

BY SEBASTIAN MIRITI(KNA)

The prevalence of Female Genital Mutilation (FGM), which has reduced from 21 per cent in 2014 to 15 per cent in 2022 demonstrates the Kenyan government and stakeholders' commitment to end the retrogressive and harmful practice.

However, the freedom of women especially small girls continues to be suppressed as various communities in the country continue to subject them to the cut either against their will or out of ignorance.

But one would wonder why the customary practice outlawed through the prohibition of Female Genital Mutilation Act 2011 has not stopped despite there being various actions that have been taken to rescue women from the shackles of this retrogressive practice.

According to data from the Kenya National Bureau of Statistics and the Ministry of Health, Marsabit County is ranked third with 83 per cent FGM rate in the country after Mandera and Wajir.

The Cabinet Secretary for Public Service, Performance and Delivery Management Moses Kuria noted that FGM has persistently continued to pose challenges due to the complexity that surrounds it but that the government was committed to eliminate

the harmful practice.

Mr Kuria called for collective efforts in developing and implementing strategies to counter the practice which is deeply rooted among communities spread in 22 counties across the country.

In a speech read on his behalf by the Anti-FGM Board chairperson Ms Surum Ipato during the commemoration of this year International Day of Zero Tolerance for FGM held at the Marsabit Stadium, the CS said survivor-led movements would be supported to end FGM.

Kuria said the focus should now be on women survivors whose resilience in the fight against the outlawed practice is remarkable and deserves support.

The CS further lauded the collaborative approach at the county level spearheaded by the County Governor's wife Alimitu Jattani's Mama Guyo Foundation, CBOs like the Inua Dada Mashinani, the Marsabit Women Advocacy Development Organization (MWADO) and the affirmative action push by the office of the County Woman Representative Naomi Wako.

He observed that the comprehensive approach in tackling the issue had also seen the highest decision-making organ of the Borana community pass a revolutionary decision against the

rite.

"The active involvement of community-based organizations, development partners, and stakeholders further amplifies our impact on the ground" he noted and asked agencies charged with the responsibility of enforcing the law to ensure no girl or woman is subjected to the practice.

In her remarks, Mrs Ipato said the drive towards the eradication of FGM should be sustained by ensuring that the fight is collectively done so that women and especially survivors of FGM are not held back by the chains of tradition.

"Empowering women is key to breaking the cycle of female genital mutilation," she said, adding that the adolescent men should also be actively involved in the programme so that they can help in demystifying the traditions associated with the rite.

She called on the leadership of other communities that live in Marsabit to make declarations like the one made by the Borana Council of Elders, Abba-Gada prohibiting FGM.

The Chairperson was echoing the sentiments of the County First Lady that other communities were still clinging onto the practice and challenged their leadership to declare it harmful and untenable.

## RE-ADVERTISEMENT FOR POSITION OF MANAGING DIRECTOR – REF: KBC/01/02/2024

Kenya Broadcasting Corporation (KBC), the pioneering force in Kenya's media landscape seeks to recruit a visionary and transformative leader to fill the vacant position of Managing Director. **Kindly note that only shortlisted candidates will be contacted. Hard copy applications for the position are not acceptable.**

**KBC is an Equal Opportunity Employer**

# EACC urges Kenyans to elect leaders of integrity for better services

BY MABEL KEYA-SHIKUKU AND ERASTUS GICHOHI (KNA)

EACC Chief Executive Officer Mr. Twalib Mbarak (pictured) is calling on Kenyans to elect leaders of integrity in order to receive the services they deserve and protect their resources.

The Anti-corruption Czar said the Ethics and Anti-Corruption Commission (EACC) is currently facing inadequate funding, interference, trivialization, and politicization of corruption cases.

Speaking during a meeting with the members of the National Assembly Justice and Legal Affairs Committee to discuss the challenges facing the fight against corruption in the country and how to resolve them, Mbarak said it is time for leaders to take the war on corruption seriously by being accountable.

He singled out Kisumu County, whose current leadership, he said, was very accountable in its use of public funds, noting that most counties are faced with poor leadership, un-procedural tendering and procurement processes, and

interference in the employment of county personnel.

“We have not complained about the prosecution of corruption cases. In any case, we have a very cordial relationship with other government agencies that have the mandate to prosecute, including the Office of the Director of Public Prosecutions (ODPP) and the Office of the Director of Criminal Investigations (DCI), and we believe we are slaying the dragon of corruption, piece by piece,” he stated.

Mr Mbarak regretted the fire incident in Nairobi, Embakasi, where lives were lost and scores injured, and blamed it on impunity.

“If only Kenyans adhered to the rule of law and abandoned impunity which is part of corruption, such incidents would not be happening in the country,” the CEO lamented as he con-doled with the victims of what he described as “an unfortunate but avoidable incident”.

Twalib observed that the country has sufficient laws, but unfortunately the lack of will to enforce continues to hamper efficient government service delivery.

The Justice and Legal Affairs Committee Chair,

George Murugara Gitonga, on his part said the Committee which is mandated to oversight and legislate on matters of corruption, is meeting with various government agencies, including the Ethics and Anti-Corruption Commission (EACC), the Judiciary, and the Office of the Director of Public Commission (ODPP), to strengthen the war on corruption.

The Parliamentary Committee Chair said their en-

agement with EACC will investigate legislative interventions, and budgetary allocations, to enable the Commission to accelerate its anti-corruption mandate.

Responding to the issue of EACC being given prosecutorial powers, Gitonga, who is also the Tharaka Member of Parliament (MP), said as the law stands, only the Office of the Director of Public Commission (ODPP) and Office of the Director of Criminal Investigations

(DCI), have prosecutorial powers.

He however said some prosecutors can be seconded to EACC to hasten prosecution of corruption matters, adding that an investigator cannot turn prosecutor as it can lead to a conflict of interests.

The EACC Chair, Bishop (Dr.) David Oginde, said there is a need to join forces with relevant government agencies to fight and win the war on corruption.

## KIWASCO unveils Strategic Plan for enhanced services

BY ROLEX OMONDI (KNA)

The Kisumu Water and Sanitation Company (KIWASCO) has launched an elaborate Strategic Plan (2023-2028) to continue providing adequate, clean potable water and to collect, treat, and dispose of sewage in its area of jurisdiction.

Governor Prof Anyang Nyong’o said that there was a need to increase the coverage of the number of people connected to clean water and minimize water losses by fixing leakages promptly.

“I wish to remind KIWASCO that as an entity of the County Government, they must effectively deliver on their mandate.

The provision of clean water and proper management of sewage feature prominently in my manifesto for 2023-2027. I place my hopes on you to fulfill this promise to the people,” Nyong’o urged.

He congratulated the water firm for the launch of their 4th Strategic Plan, which he emphasized

strongly aligns with the County’s interest in water and sanitation service delivery as outlined in its County Integrated Development Plan (CIDP) for 2023-2027.

Nyong’o informed the residents that his administration has robust plans to transform Kisumu into one of the greatest intermediary cities in the world.

To achieve this, he advised that there is a need for an excellent water distribution network.

In this way, the County boss pointed out that there will be reduced distances that people will need to walk to access the nearest water point.

Alluding to the recently launched Second Kenya Informal Settlements Project (KISIP II) which will run for three years, he stressed that the county intends to provide good roads, water systems, sewage, drainage, and electricity to the residents.

He during the event at the new KIWASCO headquarters in Tom Mboya Estate, Kisumu City.

REPUBLIC OF KENYA

## KENYA COPYRIGHT BOARD

### CAREER OPPORTUNITY

### EXECUTIVE DIRECTOR (KECOBO/EXT/1/2024)

The Kenya Copyright Board (KECOBO) is a State Corporation established under Section 3 of the Copyright Act. Its mandate is to enforce and administer copyright.

Pursuant to the provisions of Section 11 of the Copyright Act and Mwongozo Code of Governance, the Board of Directors seeks to recruit a competent, results-oriented, knowledgeable, dynamic, visionary, and experienced person for the position of **Executive Director (ED)**.

The ED shall be responsible to the Board of Directors, an ex-officio member of the Board, and responsible for day-to-day management of the Board to ensure that it successfully fulfills its mandate. The ED will be responsible for setting and executing the overall business strategy and plans, building, driving, and inculcating a positive culture within the Board, including providing dynamic leadership in the administration and enforcement of Copyright and related rights, prudent management of resources, and financial management at the Board.

#### Key Responsibilities:

- 1) Be responsible for the day to day running of the Board.
- 2) Provide leadership to senior management and staff.
- 3) Ensure timely preparation of annual budgets and establish proper internal controls.
- 4) Be responsible for the execution and communication of the Board’s decision, policies and strategies.
- 5) Develop and recommend to the Board the annual business plans for the organization.
- 6) Ensure that the organization has an effective management structure including succession plans.
- 7) Ensure that all Board papers are accurately written, are relevant and available to the Board members in good time.
- 8) Serve as a link between the Board and the management.
- 9) Be responsible for the achievement of the objectives of the Board.
- 10) Put in place effective administration structures, processes and systems.
- 11) Provide regular, thorough and prompt communication to the Board on key technical, financial and administrative matters.
- 12) Be responsible for stakeholder management and enhancement of the corporate image of the Board.

#### Key Qualifications and Experience:

- 1) At least fifteen (15) years’ experience in the administration of Copyright and related rights; five (5) of which must have been at managerial level.
- 2) Master’s Degree in Intellectual Property (Preferably Copyright and Related rights) from a recognized University.
- 3) Be qualified as an advocate of the High Court of Kenya and has served for not less than ten (10) years.
- 4) Certificate in Leadership Course lasting not less than four (4) weeks from a recognized University/Institution.
- 5) Does not hold a public office and is otherwise not disqualified by any other written law.

#### Key competencies and skills:

- Strategic and entrepreneurial thinking, formulating policy, strategies, and concepts.
- Decision-making and communicating with impact.
- Leading and managing change, people, performance, programmes, and projects.
- Financial and resource management.
- Relationship management, networking, persuading, and influencing.
- Collaboration, partnerships, diplomacy, and political astuteness.
- Applying expertise, coaching, and mentoring.
- Technologically savvy and proficient in computer applications;

#### Other Qualifications:

Have professional qualifications and membership in a professional body in good standing.

The shortlisted candidates will be required to satisfy the requirements of Chapter Six of the Constitution of Kenya by submitting compliance or clearance certificates from the following institutions:

- Directorate of Criminal Investigation (DCI); Certificate of Good Conduct
- Ethics and Anticorruption Commission (EACC) – Clearance Certificate
- Kenya Revenue Authority (KRA) – Tax Compliance Certificate
- Higher Education Loans Board (HELB) – Compliance Certificate
- Approved Credit Reference Bureau (CRB) – Clearance Certificate
- Commission for University Education (CUE) – Recognition and Equation of Qualification for degrees obtained outside Kenya.

In addition, shortlisted candidates will be required to give consent, allowing the Board to carry out a background verification of the documents presented.

<b>Job Ref.:</b>	KECOBO/1/2024	<b>Job Grade:</b>	KECOBO 1
<b>No. of Posts:</b>	One (1)	<b>Reporting to:</b>	Board of Directors
<b>Terms:</b>	Four (4) years contract renewable once subject to satisfactory performance	<b>Salary:</b>	As per the approved SRC salary structure.

#### Method of Application:

Interested and qualified persons are required to submit their applications to be received **ONLINE** through this email; [boardchair@copyright.go.ke](mailto:boardchair@copyright.go.ke).

Applicants should include a signed application cover letter addressed to the Chairman Board of Directors, a Curriculum Vitae with three (3) referees, and copies of academic, professional and relevant testimonials. All submissions and attachments of all mandatory required documents should be in PDF format.

Hard copy applications should be addressed to **The Chairman, Board of Directors** and delivered to the **Job Application Box located at KECOBO Offices, NHIF Building 5<sup>th</sup> Floor Community NAIROBI KENYA.**

In addition, all hardcopy applications should be in a sealed envelope clearly marked “Application for the position of Executive Director”, and the contents should be paginated or serialized and signed by the applicant. It should contain a signed application cover letter, detailed curriculum vitae with three (3) referees, copies of academic, professional and relevant testimonials, national identification card or passport and any other relevant testimonials and supporting documents.

#### Applications Deadline:

All applications should reach KECOBO not later than **Monday, 18<sup>th</sup> March 2024, at 5.00 pm East African Time.**

**Note 1:** Interested candidates should provide all the details requested, and it is an offence to include incorrect information in the application.

**Note 2:** Only shortlisted candidates will be contacted for interviews. Canvassing will lead to automatic disqualification.

**KECOBO is an equal opportunity employer and respects inclusivity and diversity. Persons living with disabilities, marginalized and minority groups who meet the job specifications are strongly encouraged to apply.**

# Government orders crackdown on Agro vets selling fake seed

BY PATRICK NYAKUNDI AND  
EMMACULATE KINYUMU  
(KNA)

Agriculture and Livestock Development Cabinet Secretary Mithika Linturi has ordered a crackdown on Agro vets nationwide found selling uncertified seeds to unsuspecting farmers which has contributed to food insecurity in the country.

The crackdown has been ordered after farmers in Mbooni in Makueni County complained of buying a maize seed dubbed "duma" which never germinated or was stunted to the disappointment of farmers.

Consequently, Linturi directed Kenya Plant Health Inspectorate Service ((KEPHIS) to work closely with the police and ensure the unscrupulous business people selling fake seed are apprehended and prosecuted.

He further directed that such agro vets selling uncertified seed, their licenses be withdrawn to curb the trend of farmers being conned especially this period we are heading to the planting season.

"As a government we are not ready to allow unscrupulous business people to

continue conning our farmers," said Linturi at Utangwa market in Mbooni West Sub-county where he commissioned the Utangwa Small Irrigation Scheme Project.

"Incidents like these will bring problems into our country. This can make us not achieve food security. The commitment I am making is to move with speed to ensure we mop out and apprehend the culprits selling fake seed are prosecuted in court," he noted.

"I sympathise with our farmers, I have witnessed the effects of fake seed has caused on our farmers in Bomet," lamented Linturi.

While promising to open a Kenya Seed Company (KSC) branch in Mbooni, the CS urged farmers to buy certified seed from the company in order to improve their yields and ensure food security in the country.

"Buy seed from KSC only so that your production can improve as the government initiates plans to put up a branch here," he noted.

At the same time, he challenged farmers in Makueni County to position themselves to benefit from the Thwake Dam that is geared to supply water to irrigate 40,000 acres

Agriculture CS Linturi flagging of one of the dryers at the Wote NCPB

of land once complete.

"Let me remind you of this government through our President, we are constructing Thwake dam with a capacity of 688 cubic million litres of water. It will be supplied to Makueni and Kitui to irrigate 40,000 acres of land," Linturi said.

"If you organize yourself well, you will benefit from this government. My call is that you cooperate, listen to

the wise advice from both governments on the projects they are undertaking, that will help you not to lag behind," the CS said.

Also he promised to construct a cold room to help farmers from exploitation of middlemen who offer low prices to farmers and sell it at high prices later.

During the function, the Cabinet Secretary launched 3 driers to help farmers in

the Lower Eastern region to dry their maize to avoid post-harvest losses that come with effects from aflatoxin.

The launch was done at Wote National Cereals and Produce Board offices where he also flagged 1,700 bags of subsidised fertilizer that will be distributed to farmers in Makueni County.

It should be observed here that Machakos, Kitui and Makueni will each get one

dryer, however he promised to add one more at Makindu following the request made by his host Governor Mutula Kilonzo Jnr.

Speaking at the event, Mutula asked the national government to open an Agricultural Training Centre to help train youths and women the new innovative methods to boost crop production in the region.

"Since we have started, I ask you as a friend to assist with an agricultural college. These farmers planting French beans can get skills in agriculture so they can understand what they are doing with a view to improve food production," said the Governor.

He also said that a cold room would be constructed in the area to help mango farmers who are being exploited by middlemen who buy their farm produce at low prices and sell it at high cost.

"It is wrong to exploit farmers who sell their mangoes at 10 shillings per kilogram to middlemen who sell it later at sh 200," lamented Mutula.

"We want to help Mango and pix farmers from this exploitation," added the governor.

# Kenyans to adopt clean cooking in a campaign to tackle climate change

BY MUTURI MWANGI AND  
WANGARI MWANGI (KNA)

The Ministry of Energy and Petroleum has embarked on a campaign to move Kenyans to adopt clean energy cooking solutions to reduce Greenhouse Gas (GHG) emissions and address climate change.

The government has already submitted a revised Nationally Determined Contribution (NDC), which seeks to abate greenhouse gases emissions by 32 per cent by 2030 is in line with Kenya's sustainable development agenda through a low carbon and climate resilient development pathway.

With energy being one of the target sectors, the Ministry has distributed energy-saving jikos to over 2,000 households in Laikipia County.

The donations are part of the Accelerating Clean Cooking Access (ACCA) project, which is advocating for a reduction of harmful gas emissions, by embracing clean cooking fuels.

Speaking in Nanyuki when he distributed the stoves, Energy Principal

Secretary Alex Wachira said the government is planning to distribute a total of 4.5 million stoves to vulnerable communities throughout the country.

According to Wachira, clean cooking has attracted attention globally and nationally, because of its implications to health and the environment.

He said the traditional method of cooking that involves firewood and charcoal in poorly ventilated environments, has led to high cases of respiratory diseases, heart problems and deaths, as well as adverse effects on climate change, through the emission of greenhouse gases.

"We lose 23,000 lives annually in Kenya, because of exposure to emissions from cooking with firewood and charcoal.

"These jikos will reduce exposure to smoke, which will prolong your life and reduce your chances of contracting respiratory diseases brought about by wood fuel," Wachira noted.

Additionally, the PS noted that the programme would facilitate faster realization of the presidential directive of

planting 10 billion trees by 2032.

"It will be impossible for us to realize the dream, if what we do is plant trees and later cut them down for firewood," he stated.

During the function, the Japanese government reaffirmed its commitment to boosting Kenya in its battle against climate change.

Addressing the beneficiaries of the stoves, Second Secretary at the Japanese Embassy, Nishimura Masaya, said that his government had set aside Sh208.6 million to fund the clean cooking action in Kenya.

Masaya said that the primary objective of the project is to improve living conditions and enhance overall health outcomes, by distributing clean cooking stoves to households across the country.

"Climate change is a common issue that the international community must work together to tackle," he said.

"This initiative is closely aligned with Kenya's ambitious goal of promoting environmental sustainability. The country aims to plant a

staggering 15 billion trees by the year 2032, further showcasing its dedication to combating climate change and securing a greener future for its citizens," he added.

The Secretary added that the project aims to distribute clean cooking stoves to 10,000 households and provide livelihoods, as well as create employment through training of women and youth on how to make briquettes.

"In support of Kenya's climate change countermeasures, Japan is actively contributing, through a JICA Technical Cooperation project, focusing on reducing emissions," Masaya said.

At the same time, the Ministry commissioned a 2,000-kilogram capacity Liquefied Petroleum Gas (LPG) kitchen in Naromoru Girls' Secondary School, making the school join the growing

Energy Principal Secretary, Alex Wachira, inspects an LPG cooking stove at the Naromoru girls secondary school in Nyeri County

number of learning institutions in the country that have embraced clean cooking energy solutions.

The initiative, which was jointly funded by the State Department for Energy, the United Nations Development Programme, the Embassy of Japan, and Community Road Empowerment shifted the school from the use of firewood to LPG as its main source of cooking fuel.

Speaking during the opening of the kitchen, the Energy PS said the school is also a beneficiary of the Accelerating Clean Cooking Access

(ACCA) project.

Wachira revealed that similar facilities have been installed in four other schools in Nairobi, Kajiado, Tana River and Machakos counties, with the main goal of the state department being to champion the use of clean cooking solutions before the year 2028.

"As a country, we have an obligation to accelerate clean cooking and we want to attain this goal by 2028. This school for instance has been using wood fuel so as they plant trees, they have also been cutting them down to provide wood fuel," he said.

Health CS Susan Nakhumicha notes that public participation is key in proper implementation of SHIF.

# How SHIF will change access to health care

The new scheme is expected to ease the financial burden associated with seeking health care services

BY AGENDAKENYA WRITER

The Government's actualisation of the new Social Health Insurance Fund (SHIF) is expected to radically change the provision of health care services, making them not only accessible but also affordable to all.

SHIF, which is one of the flagship initiatives of President William Ruto's bottom up economic transformation, is expected to replace the 57-year-old National Health Insurance Fund (NHIF).

Health Cabinet Secretary Susan Nakhumicha

notes that the new scheme will ease the financial burden associated with seeking health care services for many families.

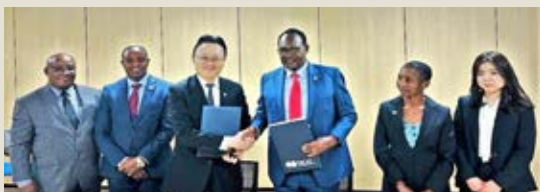

"The government recognises the hardship faced by families who lose their only properties and savings to a single case of illness in the family. SHIF is a comprehensive approach that legally marshals the entire country to share the healthcare burden – a departure from traditional and What's App harambees," said the CS.

SHIF, which will be run by a Social Health

The cost of inaction far outweighs the financial burden of implementing SHIF – CS Nakhumicha

The regulations introduced will ensure coverage for screenings, transplants and post-transplant medications.

#### UNIVERSAL HEALTH COVERAGE

## SHIF offers more benefits as compared to NHIF - CS

CONTINUED FROM PAGE 1

Authority, will bank on digital technology to secure patient information and revolutionise the tracking of supply chain processes, therefore, curbing corruption that have plagued its predecessor.

“The transparency afforded by this digital system will ensure that resources are allocated efficiently, instilling public trust in the healthcare procurement process. The new system is a response to the urgent need for accountability, prudent spending and prevention of pilferages,” said Nakhumicha.

Under SHIF, all salaried workers will contribute 2.75 per cent of their incomes towards the health fund.

Those who earn Sh20,000 will pay Sh550 while those whose salary is Sh50,000 will contribute Sh1,375.

On the other hand, earners of Sh100,000 will be deducted Sh2,750 and those who take home Sh200,000 will pay Sh5,500.

Top earners; those who take home Sh500,000 will pay Sh13,750 while those getting Sh1 million and above will pay Sh27,500.

“Those who can’t afford the contributions will be covered by the government,” said the CS. This includes those who are categorised as vulnerable by the Ministry of Labour and Social Protection. Unemployed individuals and casual workers who want to self-pay will contribute Sh300.

Every citizen will be expected to contribute making the scheme mandatory for all adults seeking any services from the government.

The new health law also makes it compulsory for any foreigner visiting the country for over a year to enlist and contribute to the insurance scheme.

Under the new law, the government is required to build at least a health facility for every 5,000 people as part of the attainment of Universal Health Coverage.

The good thing with SHIF, according to the CS, is that it covers beyond basic health services, including screening, drug rehabilitation, mental health support, physiotherapy, CT scans, MRI, PET scans, X-rays, brachytherapy, outpatient and inpatient services, HIV testing,

cancer screening, family planning, maternal and child clinics, surgeries, emergencies, including ambulance services, cardiac arrest, accidents, and even transplant procedures.

The transformation of the health sector is backed by three laws, the first which is the Social Health Insurance Act establishes three new funds, that is the Primary Healthcare Fund, the Social Health Insurance Fund (SHIF) and the Emergency, Chronic and Critical Illness Fund.

These funds are designed to cover various levels of healthcare services, from primary to emergency and chronic care, ensuring that no Kenyan is denied emergency medical treatment, as enshrined in Article 43(2) of the constitution.

The Primary Healthcare Fund will cater for services at levels one to three; the Social Health Insurance Fund will cover services at levels four to six, and the Emergency, Chronic and Critical Illness Fund will handle costs once social health insurance is depleted.

“This tripartite structure not only fulfills constitutional mandates but also addresses the practical aspects of healthcare delivery, ensuring a seamless and comprehensive coverage system,” said the CS.

The second law is the Facility Improvement Financing Act, which will address underfunding in public health facilities, a persistent challenge that has hindered the quality of healthcare services.

Through the law, the government aims to enhance the capacity and capabilities of public health facilities, providing better services to all citizens by collecting, retaining, and planning for use of revenues generated from facilities.

Lastly is the Digital Health Act, which entrenches into law the use of technology in health care services provision. It aims to establish and maintain a comprehensive integrated health information system for better health services provision.

By leveraging on technology, the government seeks to enhance data sharing and resource utilisation, creating a more efficient and responsive healthcare system.

“The digital transformation aligns with global trends seeks to ensure that Kenya’s healthcare infrastructure is not only robust but also capable of adapting to future challenges,” said the CS.

The Ministry of Health is currently undertaking public participation on the Social Health Act, which anchors SHIF into law.

“Our projection is that by March 1, we should be able to start registration of everybody into the Social Health Authority,” she said.

Dr Ruth Masha, National Syndemic Disease Control Council (NSDCC) chief executive officer, said at a public participation forum that SHIF guarantees Kenyans access to essential medical services.

“A major ingredient of the Fund is that it comes with huge financial relief to families. Medical expenses exert substantial financial pressure, tipping many families into poverty. The government seeks to lessen this by scattering the cost of healthcare across the population,” she said. ■

#### INFOBOX

##### SHIF: What you need to know

- SHIF is expected to roll out in March 2024.
- Under the new system, salaried Kenyans are expected to contribute 2.75 per cent of their income towards the health fund.
- Unemployed Kenyans, who were previously paying Sh500 per month to the NHIF, will now pay Sh300.
- The laws also make it compulsory for all foreigners visiting the country for more than 12 months to enlist and contribute to the social health insurance scheme.

#### BRIEFS

### Kenya’s MoU with Tokyo’s NEXI to boost economy

KENYA EYES THE issuance of a Samurai Bond following the signing of a MoU between the National Treasury and Japan’s Nippon Export & Investment Insurance (NEXI), the country’s official export credit agency.

The Samurai bond, which would be denominated in Japanese Yen, was one of the external financing options tabled by the National Treasury to help settle the \$2 billion Eurobonds that mature in June.

Dr. Chris Kiptoo, Principal Secretary of the Treasury, accompanied by Mr. Atsuo Kuroda, CEO of NEXI,

Dr Chris Kiptoo, PS Treasury, and Mr Atsuo Kuroda, CEO of NEXI, during signing of MoU.

formalised the agreement in Tokyo with the MOU outlining Kenya’s intention to issue the bond worth \$500 million US dollars (Sh80 billion) in two phases of Sh40 billion each. The bond’s primary focus will be on bolstering E-mobility initiatives, particularly in promoting electric vehicles (EVs), and enhancing energy efficiency within Kenya’s transmission network. Notably, the infusion

of funds will facilitate the upgrade of transformers, a crucial step towards reducing energy losses in the country’s transmission infrastructure. The issuance is projected to conclude by June 2024, with utilisation earmarked for the 2024/2025 Financial Year, marking a significant milestone in Kenya’s pursuit of sustainable economic development. ■

### Foreign inflows to strengthen the shilling

IN A BID to fortify the Kenya Shilling against the US dollar and uphold macro-economic stability, the government has unveiled a series of robust measures. Central Bank of Kenya (CBK) Governor, Kamau Thugge, affirmed that the government has appointed lead advisors to facilitate access to loans from the international market. “Multilateral lenders continue to inject capital into the economy, thereby contributing to the stabilisation of the shilling,” noted Thugge. In recent months, the International Monetary Fund and the Trade Development Bank have disbursed substantial amounts, totalling \$684 million US dollars (Sh109 billion) and \$400 million US dollars (Sh64 billion) respectively. To further

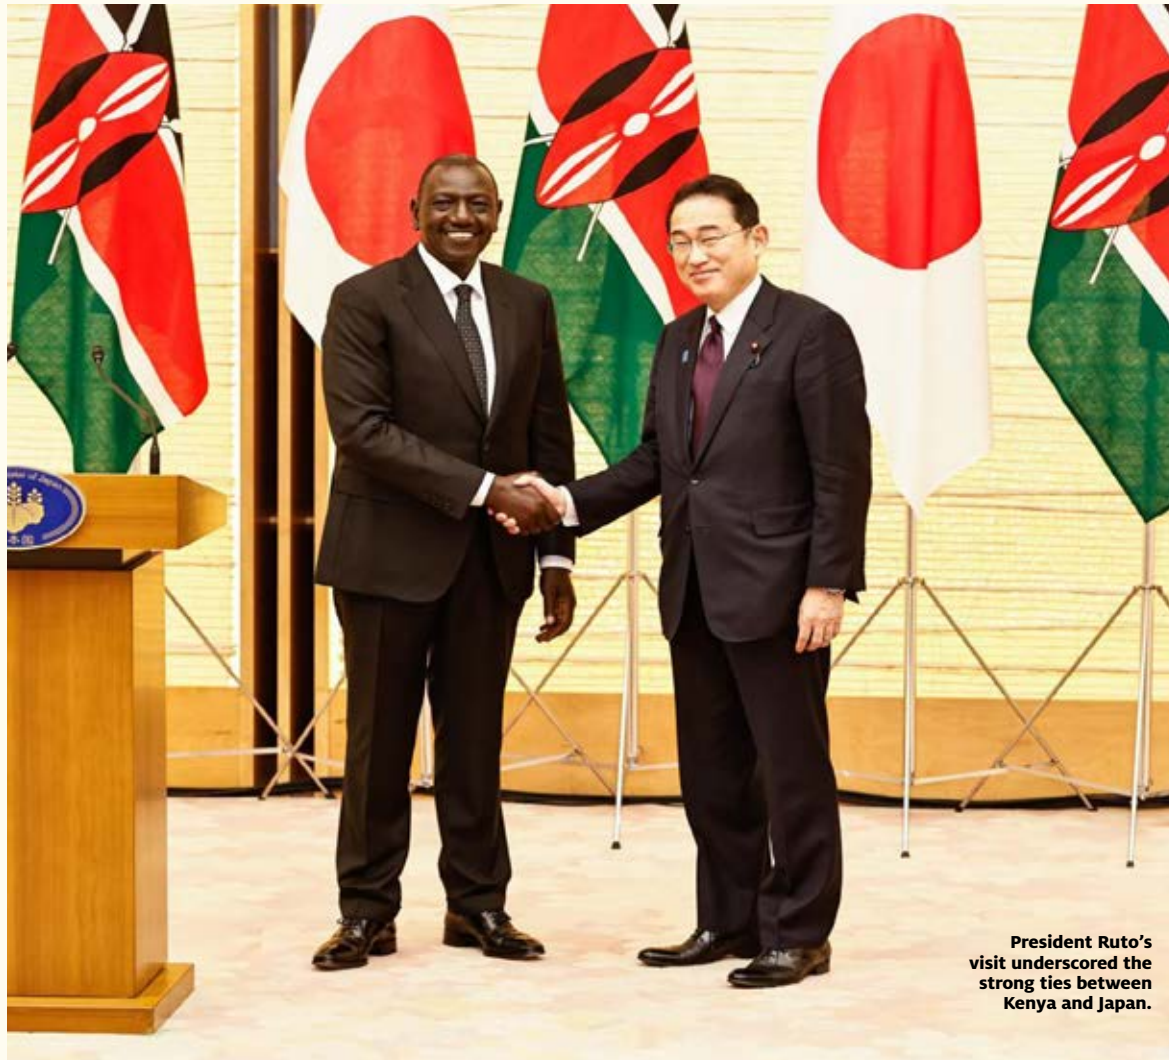

bolster these efforts, the World Bank is poised to disburse an additional Sh240 billion between March and April 2024.

Governor Thugge articulated the government’s stance on exchange rate management, asserting, “Our policy is to allow market forces to determine the exchange rate, however, we do intervene when necessary to address volatility. We believe the exchange rate has surpassed the equilibrium rate, and we stand ready to support it.”

He also highlighted the increase in the Central Bank base rate by 50 basis points as a measure to reinforce the exchange rate. Additionally, Thugge noted the issuance of infrastructure bonds, which has garnered significant interest from foreign investors, indicating promising prospects for foreign exchange inflows. ■

# Kenya's diplomatic charms boost manufacturing, energy and transport sectors

President Ruto's visit underscored the strong ties between Kenya and Japan.

The investments are expected to boost Kenya's stance on sustainable development and climate mitigation

The government is set to intensify investments in the energy, transport and manufacturing sectors following President William Ruto's visit to Japan, where he secured various agreements worth Sh350 billion. The signing of the agreements do not only foster bilateral ties but are expected to propel economic growth.

Signing of the framework that will boost vehicle manufacturing, energy and trade.

## HUDUMA CORNER

### Huduma Kenya service delivery model key in accessing justice

The roll out of the Judiciary Desks at Huduma Centres has ensured that Kenyans can now access nine essential judicial services conveniently from various Huduma Centers across the country.

The services include filing a civil case and documents in an existing case, request for issuance of summons to enter appearance, notice to appear in divorce cases, request and issuance of mention dates, e-filing support, payments of fines and deposits as well as virtual court support.

"The Judiciary has embraced a Huduma Kenya service delivery model to make their services more accessible to marginalise and vulnerable citizens," noted Hon. Lady Chief

Justice Martha K. Koome during a meeting with top government officials, and leadership from Huduma Kenya led by Acting CEO Mugambi Njeru.

This initiative is in line with her vision of Social Transformation through Access to Justice (STAJ). The vision further seeks to ensure physical access is reduced to court stations to less than 100 km. ■

Chief Justice Martha Koome has lauded the Huduma Kenya service delivery model, which is currently being used to ensure ease of access to justice.

The bulk of the funds - Sh260 billion - will be injected into infrastructure projects such as the Dongo Kundu and the Mombasa Gateway Bridge at the Coast. These initiatives are expected to enhance connectivity and spur regional development.

Additionally, Kenya and Toyota Tsusho Corporation of Japan sealed a significant framework agreement aimed at fostering collaboration in vehicle manufacturing and renewable energy development.

Under this agreement, Toyota Tsusho Corporation will establish a vehicle manufacturing plant within Kenya's borders. The corporation has pledged an initial investment of Sh800 million in the Kenya Thika vehicle manufacturers.

President Ruto, who witnessed the signing of the agreement in the presence of Toyota Tsusho Corporation of Japan President Ichiro Kashitani, emphasised the importance of achieving a balance between imported and locally manufactured vehicles. He stressed the need for affordable locally made vehicles to discourage the importation of used cars.

Kenya's vehicle assembly industry has seen an average production of 12,000 cars annually in recent years, falling short of meeting market demand.

Toyota's investment is poised to enhance Kenya's manufacturing capabilities, thus bridging this deficit and improving the quality of locally made vehicles. The partnership positions Kenya as a strategic market for the automobile industry, granting Toyota Tsusho Corporation a competitive edge in the African continent. Notably, other African countries hosting major Toyota manufacturing plants include Egypt, Ghana, and South Africa.

A substantial allocation of Sh15 billion will be allocated to the Olkaria Geothermal Development Project, underscoring the mutual commitment to sustainable energy solutions. Moreover, Japan pledged Sh1 billion towards enhancing medical oxygen production, a critical resource for healthcare facilities across Kenya. These funds will come at a time when Kenya is rolling out the new Social Health Insurance Fund, meant to ensure universal healthcare for all.

Beyond financial commitments, both nations solidified their cooperation across various sectors through Memoranda of Understanding (MoUs), spanning ICT, healthcare, finance, and security. Notably, these agreements include provisions for bolstering the capacity of institutions like the Kenya Medical Research Institute (KEMRI) to effectively manage pandemics, with an investment of Sh3 billion.

In a strategic move towards enhancing defense capabilities, Kenya became the first African nation to formalise a Defense Cooperation agreement with Japan, strengthening the longstanding partnership between the two countries.

Furthermore, Kenya secured an additional KSh30 billion from the Japan Bank for International Cooperation, designated for the acquisition of heavy machinery and mechanised assets, essential for advancing key infrastructure projects.

President Ruto expressed gratitude for Japan's unwavering support towards critical projects such as Phase II of the Mwea Irrigation Scheme and the National Rice Masterplan, underscoring the significance of international collaboration in achieving shared developmental objectives.

Overall, the financial commitments and collaborative agreements forged during President Ruto's Japan visit mark a significant stride towards advancing Kenya's economic agenda and fostering enduring partnerships on the global stage. ■

## Quick infobytes

### The A-Z of dog business

Howls, barks, groans... those are the sounds that greet you as you enter Cyrus Maina's home in Kirigiti, Kiambu County. The home is a dogs' paradise, where Rottweilers, Boerboels, German Shepherds, White Swiss Shepherds, Pugs, St Bernards, Belgian Malinois, Maltese and Russian mountain dogs and Blackhounds, among other breeds, thrive. Maina, a dog breeder, has been in the business since 1985. His love for dogs, however, started sometime in 1976 when he was a small boy living in Nyahururu with his parents. Over the years, while he has also played football for Ulinzi Stars, coached division one teams and sold timber in Gikomba, Nairobi, his first love has remained dogs. He is one of the top dog breeders in the country as his animals are highly sought after by corporate clients like G4S and Brinks Security. According to him, one can never live a dog's life if he engages in the business, which has seen his children through school - to the university level. Maina breaks it down

### Your love story with dogs goes how far...

Yes, as far as 1976 actually when I was a small boy living in Nyahururu. A priest at Nyahururu Catholic Church known as Fr Lewis noticed the interest I had in dogs and gave me a German shepherd puppy. That ignited my passion.

### How many dogs do you have?

There are 42 mature dogs currently at my home. They were more but I have sold some and leased out others.

### Describe your typical day....

My day starts at 5am with an inspection to confirm that all the dogs are well. Then I prepare a schedule for the day, including their meals and walks in the neighbourhood. The schedule guides my two workers on what to do. The workers are trained on first aid so that they attend to emergencies in case they arise. Most of the time I leave my home at 9am to train dogs at people's homes or institutions

### How much does one need to start such a business?

With Sh20,000, one is good to go but it's good to have some knowledge about the business and have passion for it.

### Tell us about dog breeding...

In breeding dogs, you work with what is known as "working line". These are dogs with stronger qualities such as powerful muscles and are purposely selected for breeding. This means the breeder should know their animals well.

### Some people say it's hard knowing when a female dog (bitch) is on heat...

It can be if one does not know how to detect the heat signs. The obvious sign is bleeding from the vulva and others licking the back end more than usual or being over friendly to other dogs. I mate the dogs once I detect blood. Three to six mating sessions are enough to make the female pregnant.

### How does a quality working line look like?

In the case of German shepherds, a good quality working line will have medium-sized animals, with good quality fur, temperament and body structure. These are the ones I use for breeding purposes. To avoid inbreeding, I change males every two years.

## Murang'a farmers gear up for lucrative sorghum harvest with EABL agreement

BY BERNARD MUNYAO  
(KNA)

As the sorghum harvesting season approaches, farmers from the lower parts of Murang'a County are hopeful of a prosperous yield, thanks to an agreement signed last year with East African Breweries Limited (EABL).

Hundreds of farmers are anticipated to harvest bountiful sorghum crops, which they planted in October last year, having received certified seeds from EABL. This initiative was bolstered by the high rainfall experienced in the region during the last season.

The County Government of Murang'a, under the leadership of Governor Irungu Kang'ata, facilitated the signing of a Memorandum of Understanding (MoU) between the farmers and the company.

The devolved entity pledged to support local farmers in sorghum cultivation, while EABL committed to providing a ready market for the yields.

Through this MoU, EABL

A sorghum farm in parts of Kakuzi/Mutubiri Ward in Murang'a County.

distributed over 6,000 kilograms of certified sorghum seeds to approximately 2,000 farmers from Maragua, Ithanga, and Gatanga Sub-Counties.

This contractual farming arrangement aims to bolster the livelihoods of residents in a region that typically receives minimal rainfall.

Kimani Mugo, the County Executive for Trade and Cooperatives, while inspecting the sorghum farms, affirmed that farmers were anticipating a bumper harvest.

Moreover, EABL assured that it would purchase the entire sorghum harvest from them.

He mentioned that EABL pledged to buy every kilogram of sorghum at Sh48 at the farmgate, indicating that farmers are waiting for their yields to dry before commencing harvesting.

Mugo pointed out that one acre is estimated to produce over seven 90-kilogram sacks of sorghum, allowing a farmer to potentially earn over Sh30,000 by selling each kilogram of sorghum at

Sh48.

The County Executive stated that the project is targeting to benefit both the growers in the lower region and the dairy farmers in upper parts of Murang'a, who can use the sorghum stalks to feed their animals.

The aggregator assigned by EABL to collect sorghum from farmers, Eva Muthoni, confirmed that the farmers will be paid immediately after their sorghum is collected. "We are here in Murang'a to purchase sorghum from farmers, and we will be paying them immediately after the commodity is weighed and packaged for transport," she noted.

One of the local farmers, Cheryl Mbatha, and a representative of the lower Murang'a Co-operative, noted with satisfaction that farmers in the area will greatly benefit from sorghum farming given that the area is semi-arid and many of the conventional crops often fail due to unreliable rainfall.

"This crop will help many residents of the area earn an income," she said.

### BRIEFS

#### State targets high-quality seeds to increase potato production

The Government, through public-private partnerships, will increase the production of certified potato seeds by 25 percent through rapid multiplication, increased field seed bulking, as well as capacity building of commercial seed growers in the country. Agriculture Principal Secretary Dr. Kiprono Rono disclosed that farmers are being linked to research institutions including Kenya Agriculture and Livestock Research Organization (KALRO), Agriculture Development Corporation (ADC), and Kenya Plant Health Inspectorate Services (KEPHIS) to ensure that they procure clean and certified planting materials.

A study conducted by the Centre for Agriculture and Bioscience International (CABI) established that poor planting material is behind the diminishing potato production in Kenya.

Dr. Rono indicated that the low potato yield, which is averaging 8.6 tonnes per acre, was partly due to bad management practices used by farmers in the country.

He said the State is banking on high-quality potato seed

production by KALRO, ADC, Egerton University, among other research institutions, to increase production to supply seeds to over 12 million tonnes annually.

Speaking at the National Cereals and Produce Board (NCPB) depot in Nakuru the Principal Secretary identified lack of certified seeds as the major challenge facing potato production in the country.

He regretted that many farmers were recycling their seeds leading to a drop in quality and quantity of potato production in their farms.

He disclosed that Kenya will host the International Potato Conference in 2026 and Nakuru County is proposed as the venue.

The PS said currently, farmers are harvesting around 10 tonnes of potatoes per hectare, noting that this could rise to 25 tonnes per hectare if there was crop rotation, use of certified seeds and right spraying.

Nakuru is the second largest producer of the crop accounting for 18.9 per cent of national production.

By Esther Mwangi and Veronica Ngina (KNA)

#### State urges Kenyans to embrace Affordable Housing initiative for better future

The Deputy Government Spokesperson, Ms. Mwanisha Chidzuga, is urging Kenyans to embrace the affordable housing project as it will improve livelihoods for a better future. Speaking during an interview with journalists, Chidzuga said the project has provided job opportunities and enabled Kenyans to earn a living from construction sites in different counties.

"Most youths and women are working at the construction sites, earning to meet their daily needs. Some women are running businesses by supplying food to the construction workers and contractors, which is part of empowerment," Chidzuga said.

She noted that electricians, supervisors, plumbers, and architects have all been given job opportunities at the affordable housing project sites. "There are over 100,000 jobs created by affordable housing projects, as Kenyans from various professions are hired to work on these sites and earn a living," she continued.

Chidzuga mentioned that after the Court of Appeal declared the housing levy unconstitutional, many Kenyans working at affordable housing project construction sites were con-

cerned about their survival. Consequently, President William Ruto ordered contractors to continue work on all construction sites.

"This demonstrates that the government prioritizes the local 'mwananchi,' especially in terms of employment," Chidzuga continued.

She added that by the time the affordable housing project is completed in all 47 counties, many Kenyans working at the construction sites will have benefited. "When these houses are completed and Kenyans purchase them, there will still be employment opportunities, as caretakers, gardeners, and watchmen will be needed in these buildings," she said.

Chidzuga cautioned Kenyans against politicizing the project. "Housing is a basic need, and every Kenyan should own their own house. Do not accept politicians spreading propaganda about the project. They have selfish interests since they all own mansions in different parts of the country and oppose low-income earners owning their own houses," Chidzuga continued.

By Munira Mandano (OGS)

## Lake Victoria Basin Commission moves to address rising tragic accidents in water body

BY CHRIS MAHANDARA  
(KNA)

The Lake Victoria Basin Commission (LVBC) has embarked on the construction of an ultra-modern maritime rescue and coordination center at Mwanza in the United Republic of Tanzania to improve maritime safety and security on Lake Victoria.

The Sh300-million facility will also see Search and Rescue Stations (SARS) established on the shores of the lake in Kenya, Uganda, and Tanzania to coordinate rescue operations in the water body.

LVBC Executive Secretary Dr. Masinde Bwire said the initiative, which is being implemented through the Multinational Lake Victoria Transport and Communication Project, was in response to a sharp rise in the number of tragic accidents on the lake.

Over the last two years, he

Representative of EAC Secretary General Dr. Anthony Kafumbe (left), LVBC Executive Secretary (ES) Dr. Masinde Bwire (second from left), South Sudan Ministry of Water official Eng. Chut Isaack and LVBC Deputy Executive Secretary Colleta Ruhamy (right) during the meeting in Kisumu. Photos By Chris Mahandara.

said 63 deaths have been recorded in the lake, exposing the gaps in search and rescue operations capacity in the East Africa Community (EAC) region.

On September 21, 2021, 10 people died at Pier Beach in Homa Bay County in Kenya after a boat they were traveling in capsized.

A Tanzanian commercial plane operated by Precision

Air plunged into the lake on November 6, 2022, killing 19 people.

On 30th July 2023, a twin boat tragedy occurred in the Bunda area in the United Republic of Tanzania, claiming 14 lives.

This was followed by another incident on 2nd August 2023 in Uganda where 20 people died at Kalangala near Entebbe after their boat

capsized.

He said the project funded by the Africa Development Bank (ADB) is expected to be completed in December this year to guarantee safety and security within the lake.

Dr. Bwire said the search and rescue centers on the shores of the lake shall be equipped with speed boats and medical facility boats to aid in emergency response.

"We cannot sit and watch our people lose lives in the Lake. The commission therefore reiterates its commitment to continue contributing towards making Lake Victoria safe," he said.

Speaking in Kisumu during the 22nd Sectoral Council of Ministers on Lake Victoria Basin (SECOM-LVB), Dr. Bwire added that the facility once fully operational will have in place an elaborate maritime communication network for effective coordination in the event of a disaster.
